Under this EUR 6,000,000,000 Euro Medium Term Note Programme (the **Programme**), Fastighets AB Balder and Balder Finland Oyj (**Balder Finland**) (the **Issuers** and each an **Issuer**) may from time to time issue notes (**Notes**) denominated in any currency agreed between the relevant Issuer and the relevant Dealer(s) (as defined below). Notes under the Programme may be issued by either Issuer. Notes issued by Balder Finland will be unconditionally and irrevocably guaranteed by Fastighets AB Balder (in its capacity as guarantor only, the **Guarantor**).

Notes may be issued in bearer form or registered form (respectively **Bearer Notes** and **Registered Notes**). The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed EUR 6,000,000,000 (or its equivalent in other currencies calculated in accordance with the provisions of the Dealer Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "Overview of the Programme" and any additional Dealer appointed under the Programme from time to time by the Issuers (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

This Base Prospectus has been approved by the Central Bank of Ireland (the **Central Bank**), as competent authority for the purposes of Regulation (EU) 2017/1129 (the **EU Prospectus Regulation**). The Central Bank only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the EU Prospectus Regulation. Such an approval should not be considered as an endorsement of the Issuers nor as an endorsement of the quality of the Notes that are the subject of the Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Such approval relates only to the Notes which are to be admitted to trading on a regulated market for the purposes of Directive 2014/65/EU on Markets in Financial Instruments (as amended, **EU MiFID II**) and/or which are to be offered to the public in any member state of the European Economic Area (the **EEA**).

Application has been made to the Irish Stock Exchange plc trading as Euronext Dublin (**Euronext Dublin**) for the Notes issued under the Programme during the period of 12 months from the date of this Base Prospectus

to be admitted to the official list (the **Official List**) and to trading on its regulated market. The regulated market of Euronext Dublin is a regulated market for the purposes of EU MiFID II.

This Base Prospectus comprises a base prospectus for the purposes of Article 8 of the EU Prospectus Regulation. This Base Prospectus is valid for a period of twelve months from the date of approval. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy will not apply when the Base Prospectus is no longer valid.

The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with the relevant Issuer.

Fastighets AB Balder has been rated BBB (negative outlook) by S&P Global Ratings Europe Limited (**S&P**). S&P is established in the EEA and registered under Regulation (EC) No 1060/2009, on credit rating agencies (the **EU CRA Regulation**). As such, S&P is included in the list of credit rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website (<https://www.esma.europa.eu/credit-rating-agencies/cra-authorization>) in accordance with the EU CRA Regulation. S&P is not established in the United Kingdom (the **UK**) and has not applied for registration under Regulation (EC) No. 1060/2009 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the **UK CRA Regulation**). The rating S&P has given to the Notes to be issued under the Programme is endorsed by S&P Global Ratings UK Limited in accordance with the UK CRA Regulation and has not been withdrawn. S&P Global Ratings UK Limited is established in the UK and registered under the UK CRA Regulation.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) No 2016/1011 (the **EU Benchmarks Regulation**). If any such reference rate does constitute such a benchmark, the relevant Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 (*Register of administrators and benchmarks*) of the EU Benchmarks Regulation. The registration status of any administrator under the EU Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuers do not intend to update the relevant Final Terms to reflect any change in the registration status of the administrator.

Investing in Notes issued under the Programme involves certain risks. The principal risk factors that may affect the ability of the Issuers and the Guarantor to fulfil their obligations under the Notes are discussed under "Risk Factors" below.

The Notes and the guarantee thereof have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the **Securities Act**) or with any securities regulatory authority of any state or other jurisdiction of the United States, and Bearer Notes are subject to U.S. tax law requirements. The Notes and the guarantee thereof may not be offered, sold or (in the case of Bearer Notes) delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act (**Regulation S**)) except in certain transactions exempt from the registration requirements of the Securities Act.

Responsibility for this Base Prospectus

The Issuers and the Guarantor accept responsibility for the information contained in this Base Prospectus and any Final Terms and declare that, the information contained in this Base Prospectus is in accordance with the facts and the Base Prospectus makes no omission likely to affect its import.

Final Terms/Drawdown Prospectus

Each Tranche (as defined herein) of Notes will be issued on the terms set out herein under "Terms and Conditions of the Notes" (the **Conditions**) as completed by a document specific to such Tranche called final terms (the **Final Terms**) or as supplemented in a separate prospectus specific to such Tranche (the **Drawdown Prospectus**) as described under "Final Terms and Drawdown Prospectuses" below.

Other relevant information

This Base Prospectus must be read and construed together with any supplements hereto and with any information incorporated by reference herein and, in relation to any Tranche of Notes which is the subject of Final Terms, must be read and construed together with the relevant Final Terms. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

The Issuers and the Guarantor have confirmed to the Dealers named under "Subscription and Sale" below that this Base Prospectus contains all information which is (in the context of the Programme, the issue, offering and sale of the Notes and the Guarantee of the Notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions or intentions expressed herein are honestly held or made and are not misleading in any material respect; that this Base Prospectus does not omit to state any material fact necessary to make such information, opinions, predictions or intentions (in the context of the Programme, the issue, offering and sale of the Notes and the Guarantee of the relevant Notes) not misleading in any material respect; and that all proper enquiries have been made to verify the foregoing.

Each of the Issuers and the Guarantor confirms that any information from third party sources has been accurately reproduced and that, so far as it is aware and is able to ascertain from information published by such third party source, no facts have been omitted which would render the reproduced information inaccurate or misleading.

Unauthorised information

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by the Issuers or the Guarantor or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuers, the Guarantor or any Dealer.

Neither the Dealers nor any of their respective affiliates have authorised the whole or any part of this Base Prospectus and none of them makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date

hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the prospects or financial or trading position of the Issuers and the Guarantor since the date thereof or, if later, the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Notes issued as Green Bonds

None of the Dealers accepts any responsibility for any social, environmental and sustainability assessment of any Notes issued as Green Bonds or makes any representation or warranty or assurance whether such Notes will meet any investor expectations or requirements regarding such "green", "sustainable", "social" or similar labels. None of the Dealers is responsible for the use or allocation of proceeds for any Notes issued as Green Bonds, nor the impact or monitoring of such use of proceeds, nor do any of the Dealers undertake to ensure that there are at any time sufficient Green Projects (as defined in "Use of Proceeds" below) to allow for allocation of a sum equal to the net proceeds of the issue of such Green Bonds in full.

In addition none of the Dealers have conducted any due diligence in relation to the Issuer's green financing framework dated 29 June 2023 (the **Green Financing Framework**). Cicero Shades of Green has issued an independent opinion, dated 13 June 2023, on the Issuer's Green Financing Framework (the **Second Party Opinion**). The Second Party Opinion provides an opinion on certain environmental and related considerations and is not intended to address any credit, market or other aspects of an investment in any Notes, including without limitation market price, marketability, investor preference or suitability of any security. The Second Party Opinion is a statement of opinion, not a statement of fact. No representation or assurance is given by the Dealers as to the suitability or reliability of the Second Party Opinion or any opinion or certification of any third party made available in connection with an issue of Notes issued as Green Bonds. As at the date of this Base Prospectus, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. The Second Party Opinion and any other such opinion or certification is not, nor should be deemed to be, a recommendation by the Dealers, or any other person to buy, sell or hold any Notes and is current only as of the date it is issued. The criteria and/or considerations that formed the basis of the Second Party Opinion or any such other opinion or certification may change at any time and the Second Party Opinion may be amended, updated, supplemented, replaced and/or withdrawn. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein. The Issuer's Green Financing Framework may also be subject to review and change and may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ from any description given in this Base Prospectus. The Issuer's Green Financing Framework, the Second Party Opinion and any other such opinion or certification does not form part of, nor is incorporated by reference in, this Base Prospectus.

In the event any such Notes are, or are intended to be, listed, or admitted to trading on a dedicated "green", "sustainable", "social" or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by the Dealers that such listing or admission will be obtained or maintained for the lifetime of the Notes.

Restrictions on distribution

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the relevant Issuer, the Guarantor (if applicable) and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "Subscription and Sale".

In particular, the Notes and the guarantee thereof have not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States, and Bearer Notes are subject to U.S. tax law requirements. The Notes may not be offered, sold or (in the case of Bearer Notes) delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except in certain transactions exempt from the registration requirements of the Securities Act.

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuers, the Guarantor, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuers and the Guarantor.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained (or incorporated by reference) in this Base Prospectus or any applicable supplement;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of EU MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **EU PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

IMPORTANT - UK RETAIL INVESTORS – If the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the **EUWA**); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act (the **FSMA**) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

EU MIFID II PRODUCT GOVERNANCE/TARGET MARKET – The Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes may include a legend entitled "EU MiFID II product governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the EU MiFID Product Governance rules under EU Delegated Directive 2017/593 (the **EU MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the EU MiFID Product Governance Rules.

UK MIFIR PRODUCT GOVERNANCE / TARGET MARKET - The Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes may include a legend entitled "UK MiFIR product governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MIFIR Product Governance Rules.

PRODUCT CLASSIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT 2001

The relevant Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes may include a legend entitled "Singapore Securities and Futures Act Product Classification" which will state the product classification of the Notes pursuant to section 309B(1) of the Securities and Futures Act 2001 (the **SFA**). The relevant Issuer will make a determination in relation to each issue about the classification of the Notes being offered for purposes of section 309B(1)(a). Any such legend included on the relevant Final Terms will constitute notice to "relevant persons" for purposes of section 309B(1)(c) of the SFA.

Programme limit

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed EUR 6,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into euro at the date of the agreement to issue such Notes (calculated in accordance with the provisions of the Dealer Agreement)). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement as defined under "Subscription and Sale".

Presentation of Financial Information

The audited consolidated financial statements of Fastighets AB Balder as at and for the years ended 31 December 2022 and 2021 have been prepared according to International Financial Reporting Standards (**IFRS**) in accordance with Regulation (EC) no 1606/2002.

The audited financial statements of Balder Finland as at and for the year ended 31 December 2022 and 2021 have been prepared according to IFRS in accordance with Regulation (EC) no 1606/2002.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

Alternative Performance Measures

Certain terms used in this Base Prospectus and financial measures presented in the information incorporated by reference are not recognised financial measures under IFRS (**Alternative Performance Measures or APMs**) and may therefore not be considered as an alternative to the financial measures defined in the accounting standards in accordance with generally accepted accounting principles. The Issuers present APMs because they believe that these and similar measures are used by certain investors, securities analysts and other interest parties as supplemental measures of performance and liquidity. The APMs may differ from company to company and therefore may not be comparable to other similarly titled measures of other companies. The

APMs may also have limitations as analytical tools and should not be considered in isolation or as a substitute for analysis of the Issuers' operating results as reported under IFRS.

For definitions and further explanations of Alternative Performance Measures, please refer to the "Glossary of Terms" section of the Base Prospectus.

Forward Looking Statements

This Base Prospectus includes statements that are, or may be deemed to be, 'forward looking statements'. These forward looking statements can be identified by the use of forward looking terminology, including the terms 'believes', 'estimates', 'anticipates', 'expects', 'intends', 'may', 'will', or 'should' or, in each case, their negative or other variations or comparable terminology, or by discussions of strategy, plans, objectives, goals, future events or intentions. These forward looking statements include all matters that are not historical facts. They appear in a number of places throughout this document and include, but are not limited to, the following: statements regarding the intentions, beliefs or current expectations of the Issuers or the Guarantor concerning, amongst other things, the results of operations, financial condition, liquidity, prospects, growth, strategies of the Issuers or Guarantor and the industries in which the Issuers or Guarantor operate.

By their nature, forward looking statements involve risk and uncertainty because they relate to future events and circumstances. Forward looking statements are not guarantees of future performance and the actual results of the Issuers' and Guarantor's operations, financial condition and liquidity, and the development of the industries in which the Issuers and Guarantor operate may differ materially from those described in, or suggested by, the forward looking statements contained in this document. In addition, even if the results of operations, financial condition and liquidity, and the development of the industries in which the Issuers and Guarantor operate, are consistent with the forward looking statements contained in this document, those results or developments may not be indicative of results or developments in subsequent periods.

These and other factors are discussed in more detail under "Risk Factors" and "Description of Fastighets AB Balder". Many of these factors are beyond the control of the Issuers and the Guarantor. Should one or more of these risks or uncertainties materialise, or should underlying assumptions prove incorrect, actual results may vary materially from those described in this document as anticipated, believed, estimated or expected. Except to the extent required by laws and regulations, the Issuers and the Guarantor do not intend, and do not assume any obligation, to update any forward looking statements set out in this Base Prospectus.

Ratings

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) described above or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued or endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation, or by a credit rating agency which is certified under the EU CRA Regulation and/or (2) issued or endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or by a credit rating agency which is certified under the UK CRA Regulation, will be disclosed in the Final Terms.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not (1) issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation, (2) provided by a credit rating agency not established in the EEA but which is endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation, or (3) provided by a credit rating agency not established in the EEA but which is certified under the EU CRA Regulation.

In general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not (1) issued by a credit rating agency established in the UK and registered under the UK CRA Regulation, (2) provided by a credit rating agency not established in the UK but which is endorsed by a credit rating agency

established in the UK and registered under the UK CRA Regulation, or (3) provided by a credit rating agency not established in the UK but which is certified under the UK CRA Regulation.

Stabilisation

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the relevant Final Terms may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation will be disclosed in the relevant Final Terms. The relevant Issuer cannot assure

investors that any such ratings will not change in the future. A rating reflects only the views of the relevant rating agency and is not a recommendation to buy, sell or hold the Notes and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Selling Restrictions:

For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of offering material in the United States of America, the EEA, the UK, Norway, Sweden, Finland, Singapore, Japan and Belgium, see "Subscription and Sale" below.

RISK FACTORS

Any investment in the Notes is subject to a number of risks. Prior to investing in the Notes, prospective investors should carefully consider the risk factors associated with any investment in the Notes, the business of the Issuers and the Guarantor and the industry in which they operate, together with all other information contained in this Base Prospectus, including, in particular, the risk factors described below. Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section.

In purchasing Notes, investors assume the risk that the Issuer and, if applicable, the Guarantor, may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer, or as the case may be, the Guarantor becoming unable to make all payments due. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer and, if applicable, the Guarantor, may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer and, as the case may be, the Guarantor have identified in this Base Prospectus a number of factors which could materially adversely affect its business and ability to make payments due.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

FACTORS THAT MAY AFFECT THE ISSUERS' AND, AS THE CASE MAY BE, THE GUARANTOR'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

RISKS RELATING TO MACROECONOMIC CONDITIONS

The ongoing uncertainty and volatility in the financial markets and the state of the global economic recovery may adversely affect Balder's operations

The property industry, and therefore Balder, is affected to a large extent by macroeconomic factors such as general economic trends, growth, employment, the rate of production of new housing and commercial premises, changes in infrastructure, population growth, inflation and interest rate levels. Global macroeconomic conditions may also be adversely affected, for example, by political tensions, acts of war and/or expansion of sanctions, in particular as a result of the conflict between Russia and Ukraine. Although the length, impact and outcome of the ongoing war in Ukraine is highly unpredictable, the conflict (including the imposition of sanctions by the US, EU, UK and other nations as well as Russian counter-sanctions) could lead to significant market disruption, including significant volatility in commodity and energy prices, international credit and capital markets and asset prices, supply chain interruption and deteriorating financing conditions. The prolongation of geopolitical tensions, sanctions and political uncertainty could negatively impact economic growth, business operations and real estate markets.

Economies across Europe and globally are currently experiencing significant inflationary pressures. This has been exacerbated by the additional sanctions put in place as a response to the ongoing war in Ukraine, which has further increased energy, commodity and fuel prices. Such inflationary pressures are expected to continue in the medium term and may increase. In response to rising inflation, interest rates have increased over the last year and it is expected that interest rates may continue to increase. Interest expenses represent Balder's single largest cost item and a significant increase in interest rates would increase the cost of funding of Balder. High levels of inflation and increases in interest rates in the markets in which Balder operates could negatively impact consumer confidence as well as tenants' disposable income and may also negatively impact economic

growth. Growth in the economy affects the employment level, which is an important factor affecting the demand for properties and the ability of tenants to pay rent. Changes to interest rates and inflation may also adversely affect the market's yield requirements and the market value of Balder's properties.

The impact of any of these conditions could be detrimental to Balder and could adversely affect its business, results of operations, financial condition and/or prospects; its solvency and the solvency of its counterparties and customers; the value and liquidity of its assets and liabilities; the value and liquidity of the Notes and/or the ability of the relevant Issuer or, as the case may be, the Guarantor to meet its obligations under the Notes and under its debt obligations more generally.

Negative economic developments and conditions in Scandinavia may affect Balder's operations and customers, as well as the prices of Balder's real property and tenant-owned apartments

The Swedish, Danish, Norwegian and Finnish economies have been adversely affected by the uncertain global economic and financial market conditions. An economic slowdown or a recession, regardless of its depth, or any other negative economic developments in these principal countries of operation and involvement may affect Balder's business in a number of ways, including, among other things, the income, wealth, liquidity, business and/or financial condition of Balder, its customers and other business partners. Balder may not be able to utilise the opportunities created by economic fluctuations, the value of the real property owned by Balder may decrease, and Balder may not be able to adapt to a long-term economic recession or stagnation. Negative economic development may also adversely affect the sales prices of Balder's tenant-owned apartments. Further, although historically, economic slowdowns and recessions have increased the demand for rental apartments in these countries, there can be no assurance that Balder will not experience declines in the demand for rental apartments during periods of economic slowdown or recession. Balder may also experience increased defaults on rent payments as a result of negative economic developments in Sweden, Denmark, Norway and Finland. Materialisation of any of the above risks could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Risks Relating to Balder's Business Operations

Property valuation is subjective and uncertain to a certain extent

Balder's properties are internally revalued each calendar quarter however the appropriateness of sources of information used and the credibility of such valuations are, to a certain extent, subjective and, thus, subject to uncertainty. Two different valuation methods are used primarily in the internal valuations. These are the yield method and the acquisition cost method. Properties in Sweden, Denmark, Finland, Norway, Germany and the United Kingdom are valued using the yield method. In Finland, the acquisition cost method is used in addition to the yield method. Rental prices in the property portfolio are expected to follow inflation over time. Commercial leases include indexation, which means that rent increases at the same rate as the Consumer Price Index (the **CPI**) during the leasing period. In its valuations, Balder has assumed that the rent develops in line with inflation.

Assumptions have also been made regarding future operating and maintenance payments. These assumptions are based on historic outcomes and future projections as well as estimated standardised costs. Operating and maintenance costs are adjusted upwards each year by inflation. Yield requirements and the cost of capital used in the valuation model have been derived from comparable transactions in the property market. Important factors in choosing a yield requirement are location, rental rate, vacancy rate and the condition of the property. Housing valuations are based on historical Swedish, Danish, Norwegian, German, British and Finnish housing purchase price data and certain assumptions at a specified date. In the event of significant and rapid market changes, such historical data may not accurately reflect the current market value of Balder's properties. Furthermore, the assumptions may prove to be inaccurate, and adverse market changes since the date when such assumptions were made may cause significant declines in the value of Balder's properties. In addition, the use of different assumptions or valuation models would likely produce different valuation results.

As a result of the factors above, there can be no assurance that such valuations accurately reflect the current market value of Balder's properties and property-related assets as at the date of valuation or any other date. Incorrect assumptions or flawed assessments underlying the valuations, or materialisation of any of the above risks, could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Decreases in the occupancy rate and increases in the tenant turnover may weaken Balder's results

Balder's occupancy rate and tenant turnover depend on general economic factors and the level of new-build construction activity. The occupancy rate of Balder's properties has a significant impact on Balder's business. Balder aims to secure a high occupancy rate by, among other things, actively developing its property portfolio to meet the demand for residential and commercial premises. If the vacancy rate increases, Balder will lose rental income while having to cover the maintenance costs.

Tenant turnover is an integral part of the housing investment business, and results in costs to Balder, for example, related to the signing of rental agreements and minor renovations typically made in connection with a tenant moving out of the apartment. In recent years, Balder has tried to reduce tenant turnover in Sweden, Denmark, and Finland through, for example, repairs enhancing the attractiveness of the apartments that it owns.

The risk of large fluctuations in vacancies and loss of rental income increases in line with the number of large individual tenants a property company has. Balder's ten largest leases represent 3.5 per cent. of total rental income and the average lease term amounts to 10.1 years. However, there are no guarantees that Balder's major tenants will renew or extend their leases when they expire, which in the longer term can lead to altered rental income and vacancies. If Balder fails to maintain the occupancy rate at a satisfactory level or the tenant turnover of its apartments increases significantly, this could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Increasing refurbishment and maintenance costs may result in a decreased profit margin or increased rents and thus decreased demand for properties

Balder continuously carries out refurbishment and maintenance repairs in its properties, which mainly result from their condition and regulatory requirements for energy efficiency. The costs related to the refurbishment and maintenance of properties are significant and relate mainly to plumbing, external walls and roofs, window and balcony renovations. Residential buildings must typically have their plumbing refurbished within certain time intervals, which usually covers renewal of both water and sewage pipes. External walls, roofs and balconies must also be renovated periodically.

Balder expects increasing refurbishment and maintenance repair costs, for example, from increasing legal requirements for energy efficiency, or due to inflation, increased energy costs or supply constraints which may drive up prices and costs, and there can therefore be no assurance that the amount spent on refurbishment and maintenance repair by Balder could not significantly increase from the level currently expected by Balder.

If such risk materialises, the profit margin of Balder's properties may decrease or Balder may be required to increase rents, which may, in turn, result in a decreased demand for Balder's properties. As a result, Balder may not be able to fully pass on the costs of refurbishment and maintenance to its customers and Balder's investments in refurbishment and maintenance may not generate the expected return. Any of these risks could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Variations in supply and demand on the housing market and the market for commercial premises may affect the value of properties and rental levels

Balder's income is affected by the occupancy rate of the properties, the possibility of charging market-related rents, as well as customers' ability to pay. The occupancy rate and rental levels are largely determined by general and regional economic trends. The risk of large fluctuations in vacancies and loss of rental income increases when there are more large individual customers in the property portfolio.

The housing market is sensitive to fluctuations in supply and demand. Housing prices in Scandinavia have historically followed macroeconomic development in a cyclical manner, while the demand for rental apartments has historically been countercyclical. The value of properties and rental levels are affected by a number of factors, including events related to domestic and international politics, interest rates, economic growth, the availability of credit and taxation. Changes in supply and demand on the property market of specific areas in Sweden, Denmark, Norway, Germany, the United Kingdom and Finland, resulting from new construction, investor supply and demand and other factors, may also materially affect the values of properties regardless of the overall development in the Swedish, Danish, Norwegian, German, British and Finnish housing markets.

In addition, an oversupply of rental apartments or commercial premises could lead to rent decreases, which could have an adverse effect on Balder's rental income. A decrease in the prices of apartments and commercial properties is likely to have a direct impact on the fair value of Balder's property portfolio. The required return may increase in the future, which could lead to a reduction in the value of Balder's property portfolio.

Materialisation of any of the above risks could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Decrease in fair value of Balder's properties may result in revaluation losses

Any change in the fair value of Balder's properties is recorded in the income statement for the period during which the revaluation of Balder's properties occurs. Fair value of investment properties represents the price in the local primary market, taking into account the condition and location of the property. Decreases in the fair value of Balder's properties could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects. In addition, decreases in the fair value of Balder's properties would have negative effects on Balder's performance indicators, particularly the net asset value, which could have a negative influence on the rating of the Issuer and the Issuer's solvency covenant levels.

Balder's property development and sales of tenant-owned apartments may give rise to liabilities that can have significant effects

Balder's property development and sales of tenant-owned apartments may expose it to potential liabilities based on defects in the buildings, materials, design or the quality of the work. Standard form contracts that are used by construction designers limit the designer's liability to the value of the properties constructed, so Balder is liable for defects that exceed this amount. As a rule, standard terms are used also in the building agreements with construction companies, so Balder is liable to homebuyers for the defects caused by the construction companies if the construction companies are incapable of meeting their obligations, for example, due to insolvency. Materialisation of Balder's liabilities for construction defects, based on its own actions or based on the actions of the external designers or construction companies, could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Balder could fail in the management of its reputation and brand

Balder's success is partially dependent on Balder's reputation and on the value of the Balder brand. Balder's brand holds a great significance for both its business operations and implementation of its strategies. The integrity of the Balder brand is important in all parts of the business (both for residential and commercial

properties) and to Balder's business partners, such as municipalities, construction companies and lenders. In addition, corporate social and environmental responsibility is part of Balder's customary long-term activities. Negative publicity or negative customer experience could have an adverse effect on Balder's brand and its development. Should the Balder brand lose value, regaining any lost brand value might prove impossible or require incurrence of significant costs. This, in turn, could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Fastighets AB Balder is a holding company; it is reliant on dividend upstreaming

Fastighets AB Balder is a holding company. As is common with property groups, its material assets are its shareholdings in its subsidiaries and its associated companies. Fastighets AB Balder will use some of the proceeds of the sale of any Notes to repay certain of its own debts and may on-lend proceeds under intercompany loans to its subsidiaries for them to repay or refinance certain of their indebtedness. Other than the receivables under intercompany loans and any other intra-group loans made in connection with other financing transactions, Fastighets AB Balder depends on distribution of dividends and other payments from its subsidiaries. In meeting its payment obligations under the Notes (or, as the case may be, the Guarantee), Fastighets AB Balder is dependent on the profitability and cash flow of its subsidiaries, whose ability to make dividend distributions may be subject to restrictions as a result of factors such as low profitability, restrictive covenants contained in loan agreements, foreign exchange limitations, regulatory, fiscal or other restrictions. If Balder for any reason does not receive the anticipated dividends from its subsidiaries this may impact its liquidity and its ability to meet its obligations under any Notes.

Balder Finland is a special purpose vehicle and investors should therefore consider the financial condition and liquidity of Fastighets AB Balder and the Group in addition to that of Balder Finland

As at the date of this Base Prospectus, Balder Finland is a company within the Group without significant business activities or holdings and accordingly, Balder Finland's ability to pay interest and repay principal in respect of its borrowings, including the Notes issued by it, depends upon the financial condition and liquidity of Fastighets AB Balder and the Group. Notes issued by Balder Finland will be guaranteed by Fastighets AB Balder. The Group further intends to provide Balder Finland with liquidity by way of intra-group arrangements or other transfers of value in order for Balder Finland to fulfil its obligations under the Notes issued by it. However, if the Group does not provide liquidity, or due to other circumstances, conditions, laws or regulations is prevented from providing liquidity to Balder Finland, there is a risk that Balder Finland will not fulfil its obligations under the Notes. Therefore, investors in the Notes issued by Balder Finland should consider the risk factors, financial condition and liquidity of Fastighets AB Balder and the Group in addition to that of Balder Finland.

Loss of key personnel or failure in recruiting new key personnel may undermine the Group's operations

As at 31 December 2022, Balder employed 1,161 people. Balder's financial performance is dependent on the contribution of its key personnel. Key personnel include Balder's senior management and a number of other employees in key positions. Balder's success is, to a large extent, dependent on its ability to recruit, motivate and retain highly skilled staff at every level of its organisation. Balder views the recruitment of new employees as key to both its development and the strengthening of the organisation and works continuously to create the conditions for both retaining existing colleagues and recruiting new employees to contribute to the Group's continued growth and development, however Balder may fail to retain key personnel and/or to recruit skilled staff that are needed to deliver the business objectives of the Group. Any loss of senior management or other employees with special expertise could cause significant business disruption and/or have a material adverse effect on Balder's ability to deliver its strategy and therefore on its business, financial condition, results of operations and future prospects which in turn may adversely affect the value of the Noteholders' investment.

Erik Selin

The principal shareholder of Fastighets AB Balder is Erik Selin Fastigheter AB, which owns 34.1 per cent. of the capital and 47.8 per cent. of votes. Erik Selin is the founder and CEO of Balder and controls 100 per cent. of Erik Selin Fastigheter AB. Erik Selin Fastigheter AB may therefore be able to prevent or delay a change of control or take other actions that may be contrary to the interests of Balder's other shareholders. Further, the personal connections and business relationships of Erik Selin are important to the conduct of Balder's business. While Balder has an employment contract with Erik Selin, no assurance can be given that he will continue to make his services available to Balder indefinitely. Balder does not maintain any 'key-man' insurance on Erik Selin.

Changes in legislation may adversely affect the value of Balder's properties or results, increase its expenses and/or slow or halt the development of its investments

Balder must comply with a wide variety of laws, regulations and provisions, including urban planning regulations, construction and operating permits, health, safety, environmental, competition and labour laws, laws relating to rent levels and the rights of tenants as well as corporate, accounting and tax laws in each of the jurisdictions in which it operates. Changes in such laws, regulations and provisions or their interpretations could require Balder to adapt its business operations, assets or strategy, potentially leading to a negative impact on the value of its properties or its results, an increase in its expenses and/or slowing or even halting of the development of certain investments. In particular, requirements for energy efficiency have become more stringent in recent years, which results, among other things, in increased construction prices.

Materialisation of any of the above risks could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Balder is subject to future possible change in tax laws and regulations

Balder's operations are affected by the applicable corporation tax, value added tax and property tax rules in force from time to time in Sweden, Denmark, Finland, Norway, Germany and the United Kingdom. This is also the case as regards other governmental and municipal charges and contributions. Notwithstanding that Balder's operations are conducted in accordance with Balder's interpretation of applicable laws and rules in respect of taxes, there is a risk that its interpretation is incorrect or that applicable tax laws and rules may be amended with possible retroactive effect resulting in additional unforeseen tax liabilities. In addition, future changes to applicable tax laws and rules may affect Balder's operations, financial position and earnings.

Legal or regulatory proceedings or claims could have a material adverse effect on Balder

Balder may become involved in, or a subject of, legal or regulatory proceedings or claims relating to its operations. It is inherently difficult to predict the outcome of legal, regulatory and other adversarial proceedings or claims, and there can be no assurance as to the outcome of such proceedings or claims, whether existing or arising in the future. In the normal course of its business operations, Balder could be involved in legal proceedings relating, for example, to alleged breaches of contract by Balder and employers' liabilities and be subject to tax and administrative audits. Any unfavourable judgment against Balder in relation to any legal or regulatory proceedings or claims, or the settlement thereof, could have a material adverse effect on its brand, business, financial condition, results of operations and future prospects.

Apartment renting and construction are highly competitive businesses

Renting apartments and constructing tenant-owned apartments is a highly competitive business in Sweden, Denmark, and Finland. Balder's main competitors in the rental apartments business are private households, municipalities, parishes, foundations and corporate investors. In the construction of tenant-owned apartments, Balder's main competitors are construction firms and other property development companies. The higher costs of capital combined with inflation decreases the profitability of construction projects and delays the

commencement of new projects. There can be no assurance that Balder can meet the intensifying competition in the apartment-renting and the tenant-owned apartment markets. Increasing competition could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Balder's operations may contaminate the environment

Balder must comply with all local regulations in relation to the environment and health and safety in respect of its properties. Balder has established a sustainability policy and works actively to address environmental issues. Environmental impacts caused by Balder's operations are for example related to energy consumption, material use and hazardous substances used in the construction of properties such as PCB, asbestos and radon. Balder works continuously to minimise the environmental impact of its operations, for example through optimisation to minimize energy consumption, reduced climate impact and inventories regarding hazardous substances.

As the owner of the properties and land, Balder can be held liable for deterioration, damage, encumbrance or other hazardous causes originating from the operation of the properties. Any such event or material decrease in the value of the properties not known or not recognisable at the time of the purchase or occurring at a later date, could have a material adverse effect on Balder.

In recent years, there has been an increased focus on climate risk analysis in Balder's business, including the launch of climate risk analysis on Balder's property portfolio. This includes screening of relevant climate risks based on future climate scenarios, vulnerability analysis and action plans. Examples of climate risks that can affect buildings are flooding from heavy rainfall, heat stress, heavy snowfall or landslides. Local municipalities also have responsibility for investigating what climate adaptation measures may be needed during new construction and for managing these risks via zoning plans. In addition to such considerations when planning new developments, existing properties that may fall into newly designated "risk zones" will need to undergo a future risk inventory and action plans will need to be prepared.

Under Swedish, Danish, Norwegian, German and Finnish legislation, the party conducting an activity which has contributed to pollution is also responsible for treating it. If the party conducting the activity cannot carry out or pay for the treatment of a property, and the party acquiring the property was aware of, or should have discovered the pollution, then the acquirer is responsible. The costs of any removal or clean-up that may be necessary as a result of any deterioration, contamination, damage, encumbrance or hazardous materials may be higher than anticipated by Balder. Failure to comply with environmental regulations, or the need to comply with stricter new environmental regulations that may be introduced, could lead to higher costs or hinder the development of Balder's operations. There can be no assurance that Balder could not become liable for material environmental damage or other environmental liabilities in the future. Materialisation of any of the above risks could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Potential illiquidity of the property market could make it difficult for Balder to dispose of properties

In accordance with its strategy, Balder makes selective divestments of properties. Such divestments may be affected by many factors beyond Balder's control, such as the availability of bank financing to potential buyers, interest rates and the supply of, and demand for, properties. A possible lack of liquidity in the property market may limit Balder's ability to sell its properties or modify its property portfolio in a timely manner in response to changes in economic or other conditions. Should Balder be required to divest part of its properties due to, for example, its inability to obtain financing, there can be no assurance that such divestments will be profitable or that such divestments will be possible at all, if the market functions inadequately or is illiquid. Unsuccessful divestments of properties could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

System malfunctions in Balder's operations may decrease the efficiency and/or profitability of Balder's operations

Balder's operations are dependent on information systems and on its ability to operate such information systems efficiently and to introduce new services, technologies, systems and safety and back-up systems. Such information systems include telecommunication systems as well as software applications that Balder uses to control business operations, manage its property portfolio and risks, prepare operating and financial reports and to execute treasury operations. The operation of Balder's information systems may be interrupted due to, among other things, power cuts, public cloud malfunctions, computer or telecommunication malfunctions, computer viruses, defaults by IT suppliers, crime targeted at information systems, such as security breaches and cyber-attacks from unauthorised persons outside and inside Balder, or major disasters, such as fires or natural disasters, as well as human errors made by Balder's own staff. Material interruptions or serious malfunctions in the operation of the information systems may impair and weaken Balder's business, financial condition and the profitability of its operations. Balder may also face difficulties when developing new systems and maintaining or updating current systems in order to maintain its competitiveness. In particular, malfunctions in its IT systems could delay Balder in issuing rental invoices to its customers and/or prevent Balder from renting available apartments. Materialisation of any of the above risks could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Balder could incur losses not covered by, or exceeding the coverage limits of, its insurance

Actual losses suffered by Balder could exceed its insurance coverage and could be material. The realisation of one or more damaging events for which Balder has no insurance coverage or for which Balder's insurance coverage is insufficient could have a material adverse effect on Balder's business, financial condition and results of operations and future prospects.

Interests of Fastighets AB Balder's shareholders may conflict with those of the holders of the Notes

The interests of Fastighets AB Balder's shareholders, in certain circumstances, may conflict with those of the holders of the Notes, particularly if Fastighets AB Balder encounters financial difficulties or is unable to pay its debts when due. In addition, Fastighets AB Balder's shareholders may have an interest in pursuing acquisitions, divestitures, financings or other transactions that, in their judgement, could enhance their equity investments, even though such transactions might involve risks to the Noteholders. Any of these actions could have a material adverse effect on the Group's business, financial condition, results of operations and future prospects.

Financial Risks

Balder may not receive financing at competitive terms or at all and may fail in repaying/refinancing its existing debt

Uncertainty in the financial markets or tightening regulation of banks could mean that the price of financing needed to carry out Balder's business, in particular its growth strategy, will increase and that such financing will be less readily available. As a result of Balder's intentions to raise additional debt from the capital markets, Balder is exposed to future adverse changes in those markets. The level of Balder's leverage may also affect its ability to refinance its existing debt, which, in turn, could also affect its competitiveness and limit its ability to react to market conditions and economic downturns.

Balder's target equity/assets ratio is at least 40 per cent., calculated on the basis of the fair value of its properties. As at 31 December 2022, Balder's equity ratio was 40.0 per cent. based on the fair value of the properties. Balder conducts continual discussions with banks and credit institutions aimed at securing its long-term financing. Balder cooperates closely with a handful of lenders in order to secure Balder's long-term capital requirements. However, no assurance can be given that Balder may not have difficulty in raising new debt, repaying its existing debt or fulfilling its equity ratio target in the future. Any failure to repay the principal or

pay interest in respect of Balder's existing debt, the inability to refinance existing debt, or to raise new debt at corresponding or more favourable financial and other terms than currently in force, could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Fastighets AB Balder is dependent on its current long-term credit rating to pursue its financing strategy

Fastighets AB Balder intends to raise additional debt from the capital markets in the future. To facilitate the issuance of unsecured bonds and notes, Fastighets AB Balder has a long-term issuer credit rating of "BBB" from S&P. If Fastighets AB Balder's long-term credit rating were to be downgraded, future issuances of unsecured bonds and notes may become significantly more expensive or may not be possible in the targeted amounts. S&P could downgrade Fastighets AB Balder's long-term issuer credit rating if, for example, the value of Fastighets AB Balder's unencumbered assets were not to reach certain levels, or Fastighets AB Balder's effective leverage (adjusted total debt divided by total assets) or fixed charge cover ratios were to exceed certain levels, both on a sustainable basis, or if Fastighets AB Balder was unable to maintain an adequate liquidity profile at all times. If any of the risks described above were to materialise, it would be more difficult for Fastighets AB Balder to pursue its current financing strategy, which could have a material adverse effect on Fastighets AB Balder's and the Group's business, financial condition, results of operations and future prospects.

Balder's financings/insurance arrangements involve counterparty risk

Financial institutions are counterparties to Balder's long-term bank loans and insurance arrangements. During the financial crisis, many banks and insurance companies in the United States and Europe experienced financial difficulties, resulting in numerous mergers, acquisitions and bankruptcies among financial institutions, including the government takeover of certain financial institutions. Balder's principal counterparties in financing transactions are Nordic financial institutions which have avoided serious financial problems. However, there is no assurance that Balder's financing or insurance counterparties will not experience any financial difficulties in the future. If Balder's counterparties were to experience financial difficulties it could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Fluctuations in interest rates may adversely affect Balder's business

Interest rate fluctuations affect Balder's profit through changes in interest expenses and the market values of interest rate hedging. As at 31 December 2022, approximately 70 per cent. of Balder's loans were fixed interest rate loans or floating rate loans hedged with interest rate derivatives. Despite the relatively high hedging level, the positions are not completely hedged. Further, fluctuations in interest rates may affect the rental apartment business and the valuation of properties. Although a significant increase in interest rates may considerably affect house owners' ability to pay interest on housing loans, it may also affect private consumption and decrease the value of properties. In addition, an increase in interest rates could have a material adverse effect on the cost of financing and Balder's current financing expenses. There can be no assurance that Balder could not fail in managing its interest rate risk properly. This could, in turn, have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Fluctuations in currency exchange rates may adversely affect Balder's profit and property value

Balder is exposed to indirect foreign exchange translation risk due to its investment in Denmark, Norway, Germany, the United Kingdom and Finland through SATO. Balder's most significant exchange rate risk relates currently to euro-denominated rental income, maintenance costs and property valuation. Balder's reporting currency is Swedish Krona, and all balance sheet items for foreign properties as well as all income and expenses generated by them are converted to Swedish Krona. Materialisation of the translation risk could have a material adverse effect on Balder's business, financial condition, results of operations and future prospects.

Fastighets AB Balder's historical earnings and other historical financial data are not necessarily predictive of earnings or other key financial figures of Balder going forward

The financial information provided for and discussed in this Base Prospectus and the financial statements of Fastighets AB Balder and Balder Finland included in this Base Prospectus relate to their past performance, and that of the Group. Balder's future development could deviate significantly from past results due to a large number of internal and external factors. The historical earnings, historical dividends and other historical financial data of the Group are, therefore, not necessarily predictive of earnings or other key financial figures for Balder going forward.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the relevant Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period. The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market and the market value of such Notes as the change of interest basis may result in a lower interest return for Noteholders. If the relevant Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

Notes issued at a substantial discount or premium

The market values of any specific Series of Notes issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Usually, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. Any such price volatility may have an adverse effect on the market value of any specific Series of Notes issues at a substantial discount or premium to their nominal amount.

Risks related to the Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

The claims of holders of the Notes are structurally subordinated

As is usual for property companies, Balder's operations are principally conducted through subsidiaries. Accordingly, Fastighets AB Balder is, and will be, dependent on its subsidiaries' operations to service its payment obligations in respect of the Notes and the Guarantee (if applicable). Moreover, Balder Finland is a special purpose financing vehicle that exists for the purpose of raising debt for the Group. For more information see "*Risk Factors – Fastighets AB Balder is a holding company; it is reliant on dividend upstreaming*". The Notes issued by Fastighets AB Balder and the Guarantee (if applicable) are structurally subordinated to the claims of all holders of debt securities and other creditors, including trade creditors, of Fastighets AB Balder's subsidiaries and structurally and/or effectively subordinated to the extent of the value of collateral to all Fastighets AB Balder's and its subsidiaries' secured creditors. The Notes issued by Fastighets AB Balder are not guaranteed by any of Fastighets AB Balder's subsidiaries or any other company or person. In the event of an insolvency, bankruptcy, liquidation, reorganisation, dissolution or winding up of the business of any of Fastighets AB Balder's subsidiaries, unsecured creditors of such subsidiaries, secured creditors and obligations that may be preferred by provisions of law that are mandatory and of general application generally will have the right to be paid in full before any distribution is made to Fastighets AB Balder. As at 31 December 2022, the book value of interest-bearing debt of the Group was SEK 135,252 million of which SEK 83,053 million represents interest-bearing liabilities of Fastighets AB Balder's subsidiaries which corresponds to 61 per cent. of the Group's total interest-bearing liabilities.

The Notes and the Guarantee (if applicable) will be effectively subordinated to any of the relevant Issuer's or, as the case may be, the Guarantor's existing secured and future secured indebtedness

The Notes are unsecured obligations of the relevant Issuer and the Guarantee (if applicable) is an unsecured obligation of the Guarantor. As at 31 December 2022, Fastighets AB Balder had approximately SEK 47,185 million of secured external interest-bearing indebtedness outstanding at book value, representing 35 per cent. of their total external interest-bearing liabilities. The Notes and the Guarantee are, therefore, effectively subordinated to Fastighets AB Balder's existing secured indebtedness and future secured indebtedness of Fastighets AB Balder or Balder Finland. Accordingly, holders of Fastighets AB Balder's or Balder Finland's secured indebtedness will have claims that are superior to the claims of Noteholders to the extent of the value of the assets securing such other indebtedness. In the event of a bankruptcy, liquidation or dissolution of Fastighets AB Balder or Balder Finland, the assets that serve as collateral for any secured indebtedness of Fastighets AB Balder or Balder Finland would be available to satisfy the obligations under the secured indebtedness before any payments are made on the Notes. Other than as set out in Condition 5.1 (Covenants – Negative Pledge) and Condition 5.2(a) (Covenants – Financial Covenants – Limitations on the Incurrence of Indebtedness), the Conditions do not prohibit the Issuers or the Guarantor from incurring and securing future indebtedness. To the extent that the Issuers or the Guarantor were to secure any of their future indebtedness, to the extent not required to secure the Notes in accordance with the terms of the Trust Deed governing the Notes, the Issuers' obligations, in respect of the Notes, and the Guarantor's obligations, in respect of the Guarantee, would be effectively subordinated to such secured indebtedness to the extent of the value of the security securing such indebtedness.

Modification, waivers, substitution of an Issuer

The Conditions contain provisions for calling meetings (including by way of conference call or by use of a videoconference platform) of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions also provide that the Trustee may, without the consent of Noteholders, agree to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or the Trust Deed or determine, without the consent of the Noteholders, that any Event of Default or Potential Event of Default (each as defined in the Trust Deed) shall not be treated as such in the circumstances described in Condition 17 (Meetings of Noteholders; Modification and Waiver; Substitution) of the Notes.

The Conditions provide that the Trustee shall, at the request of the relevant Issuer but without the consent of the Noteholders, agree to the substitution of any Subsidiary of the Issuer as the principal debtor in relation to the Trust Deed and the Notes, all in the circumstances described in the Trust Deed and the Conditions of the Notes.

Notes where denominations involve integral multiples and definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed or issued) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If definitive bearer Notes are issued, holders should be aware that definitive bearer Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

In respect of any Notes issued as Green Bonds, there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor

The Final Terms relating to any specific Tranche of Notes may provide that it will be the relevant Issuer's intention to apply the proceeds from an offer of those Notes specifically for projects and/or activities that promote climate friendly and other environmental purposes (either in those words or otherwise) (**Green Projects**). The criteria for qualification as a Green Project under Balder's Green Financing Framework may change from time to time, including after the issue date of a particular issue of Green Bonds. Prospective investors should have regard to the information in the relevant Final Terms regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Notes together with any other investigation such investor deems necessary. In particular no assurance is given that the use of such proceeds for any Green Projects will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required or intend to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, the relevant Green Project.

No assurance can be given that Green Projects will meet investor expectations or requirements regarding any "green", "sustainable", "social" or similar labels or equivalently labelled performance objectives (including Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the so called "EU Taxonomy") or Regulation (EU) 2020/852 as it forms part of domestic law in the United Kingdom by virtue of the EUWA). Each prospective investor should have regard to the factors described in Balder's

Green Financing Framework and the relevant information contained in this Base Prospectus and seek advice from their independent financial adviser or other professional adviser regarding its purchase of the Notes before deciding to invest. Balder's Green Financing Framework may be subject to review and change and may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ from any description given in this Base Prospectus. Balder's Green Financing Framework does not form part of, and is not incorporated by reference into, this Base Prospectus.

While it is the intention of the relevant Issuer to apply an amount equal to the proceeds of any Notes so specified for Green Projects in, or substantially in, the manner described in the Base Prospectus or the relevant Final Terms, there is no contractual obligation to do so. There can be no assurance that any such Green Projects will be available or capable of being implemented in or substantially in the manner and timeframe anticipated and, accordingly, that the relevant Issuer will be able to use the proceeds for such Green Projects as intended. In addition, there can be no assurance that any Green Project(s) will be completed as expected or achieve the impacts or outcomes (environmental or otherwise) originally expected or anticipated. None of a failure by the relevant Issuer to allocate the proceeds of any Notes issued as Green Bonds or to report on the use of proceeds or Green Projects as anticipated or a failure of a third party to issue (or to withdraw) an opinion or certification in connection with an issue of Green Bonds or the failure of the Notes issued as Green Bonds to meet investors' expectations requirements regarding any "green", "sustainable", "social" or similar labels will constitute an Event of Default or breach of contract with respect to any of the Notes issued as Green Bonds.

Any such event or failure to apply the proceeds of any issue of Notes for any Green Projects as aforesaid and/or withdrawal of any opinion or certification or any such opinion or certification attesting that the relevant Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on and/or any such Notes no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes which are intended to finance Green Projects and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

No assurance of suitability or reliability of any Second Party Opinion or any other opinion or certification of any third party relating to any Green Bonds

The Second Party Opinion provides an opinion on certain environmental and related considerations is a statement of opinion, not a statement of fact. No representation or assurance is given as to the suitability or reliability for any purpose whatsoever of the Second Party Opinion or any opinion or certification of any third party (whether or not solicited by the relevant Issuer) which may be made available in connection with an issue of Notes issued as Green Bonds. The Second Party Opinion and any other such opinion or certification is not intended to address any credit, market or other aspects of any investment in any Note, including without limitation market price, marketability, investor preference or suitability of any security or any other factors that may affect the value of the Notes. The Second Party Opinion and any other opinion or certification is not a recommendation to buy, sell or hold any such Notes and is current only as of the date it was issued.

The criteria and/or considerations that formed the basis of the Second Party Opinion and any other such opinion or certification may change at any time and the Second Party Opinion may be amended, updated, supplemented, replaced and/or withdrawn. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein. As at the date of this Base Prospectus, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. The Second Party Opinion and any other such opinion or certification does not form part of, and is not incorporated by reference into, this Base Prospectus.

No assurance that Green Bonds will be admitted to trading on any dedicated "green", "sustainable", "social" (or similar) segment of any stock exchange or market, or that any admission obtained will be maintained

In the event that any such Notes are listed or admitted to trading on a dedicated "green", "sustainable", "social" or other equivalently-labelled segment of a stock exchange or securities market (whether or not regulated), no representation or assurance is given that such listing or admission satisfies, whether in whole or in part, any present or future investment criteria or guidelines with which an investor is required, or intends, to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Green Projects. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. No representation or assurance is given or made by the relevant Issuer or any Dealer or any other person that any such listing or admission to trading will be obtained in respect of any such Notes or that any such listing or admission to trading will be maintained during the life of the Notes.

If any of the risks outlined in this risk factor materialise this may have a material adverse effect on the value of such Notes and/or may have consequences for certain investors with portfolio mandates to invest in green assets (which consequences may include the need to sell the Notes as a result of the Notes not falling within the investor's investment criteria or mandate).

Green Bonds are not linked to the performance of the Green Projects, do not benefit from any arrangements to enhance the performance of the Notes or any contractual rights derived solely from the intended use of proceeds of such Notes

The performance of the Green Bonds is not linked to the performance of the relevant Green Projects or the performance of the relevant Issuer in respect of any environmental or similar targets. There will be no segregation of assets and liabilities in respect of the Green Bonds and the Green Projects. Consequently, neither payments of principal and/or interest on the Green Bonds nor any rights of Noteholders shall depend on the performance of the relevant Green Projects or the performance of the relevant Issuer in respect of any such environmental or similar targets. Holders of any Green Bonds shall have no preferential rights or priority against the assets of any Green Project nor benefit from any arrangements to enhance the performance of the Notes.

The value of the Notes could be adversely affected by changes in laws or administrative practices

The Conditions are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Base Prospectus. In particular, potential investors should note that any new statutes, ordinances and regulations, amendments to legislation or any change in applicable law or administrative practice or the application of the same (including any amendments to or changes in application of tax laws or regulations) may affect the Notes and/or have a material adverse effect on the Group's business, financial condition, results of operations and future prospects, and, thereby, on the relevant Issuer's and/or Guarantor's ability to fulfil its obligations under the Notes and the Guarantee as well as the market price and value of the Notes, including on the secondary market value of the Notes.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk.

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are

designed for specific investment objectives or strategies, are being issued to a single investor or a limited number of investors or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a material adverse effect on the market value of Notes.

Exchange rates and exchange controls

The relevant Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if a holder of the Notes' financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, holders of the Notes may receive less interest or principal than expected, or no interest or principal.

Interest Rate Risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes, such as the market interest rates subsequently increasing above the rate paid on the Fixed Rate Notes, resulting in the equivalent investment issued at the current market interest rate may be more attractive to investors. In such circumstances a holder of a Fixed Rate Note issued by the relevant Issuer may face difficulties should they need to sell their Note in the secondary market.

Regulation and reform of "benchmarks" could adversely affect any Notes referencing such "benchmarks"

The Euro Interbank Offered Rate (**EURIBOR**) and other rates and indices which are deemed to be "benchmarks" are the subject of national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks (and others including CIBOR, NIBOR or STIBOR) to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes referencing such a "benchmark".

The EU Benchmarks Regulation applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the EU. Regulation (EU) No. 2016/1011 as it forms part of the domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the **UK Benchmarks Regulation**) applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the UK. The EU Benchmarks Regulation or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to EURIBOR or another "benchmark" rate or index, in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the terms of the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, and such changes could (amongst other things) have the effect of reducing or increasing the rate or level, or affecting the volatility of the published rate or level, of the benchmark. In addition, the EU Benchmarks Regulation stipulates that each administrator of a "benchmark" regulated thereunder must be licensed by the competent authority of the Member State where such administrator is located. There is a risk that administrators of certain "benchmarks" will fail to obtain a necessary licence, preventing them from continuing to provide such "benchmarks". Other administrators may cease to administer certain "benchmarks" because of the additional costs of compliance with the EU

Benchmarks Regulation and other applicable regulations, and the risks associated therewith. There is also a risk that certain benchmarks may continue to be administered but may in time become obsolete.

As an example of such benchmark reforms, on 21 September 2017, the European Central Bank announced that it would be part of a new working group tasked with the identification and adoption of a "risk free overnight rate" which can serve as a basis for an alternative to current benchmarks used in a variety of financial instruments and contracts in the euro area. On 13 September 2018, the working group on Euro risk-free rates recommended the new Euro short-term rate (€STR) as the new risk-free rate for the euro area. The €STR was published for the first time on 2 October 2019. Although EURIBOR has subsequently been reformed in order to comply with the terms of the EU Benchmarks Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with €STR or an alternative benchmark.

The elimination of EURIBOR or any other benchmark, or changes in the manner of administration of any benchmark, could have a material adverse effect on the value of and return on any Notes linked to such benchmark (including but not limited to Notes whose interest rates are linked to EURIBOR or any other such benchmark which is subject to reform). Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative rates and as to potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Notes, the return on the relevant Notes and the trading market for securities based on the same benchmark.

The Conditions provide for certain fallback arrangements in the event that a published benchmark, such as EURIBOR, (including any page on which such benchmark may be published (or any other successor service)) becomes unavailable, or a Benchmark Event (as defined in the Terms and Conditions) otherwise occurs. Such an event may be deemed to have occurred prior to the issue date for a Series of Notes. Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Rate (each as defined in the Terms and Conditions), with the application of an adjustment spread (which could be positive, negative or zero) and may include amendments to the Conditions to ensure the proper operation of the new benchmark, all as determined by an Independent Advisor appointed by the relevant Issuer. An adjustment spread could be positive or negative or zero and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark. However, it may not be possible to determine or apply an adjustment spread and even if an adjustment is applied, such adjustment spread may not be effective to reduce or eliminate economic prejudice to investors. If no adjustment spread can be determined, a Successor Rate or Alternative Rate may nonetheless be used to determine the rate of interest. It is possible that the use of a Successor Rate or Alternative Rate (including with the application of an adjustment spread) will still result in any Notes linked to or referencing an Original Reference Rate performing differently (which may include payment of a lower rate of interest) than they would if the Original Reference Rate were to continue to apply in its current form.

If, following the occurrence of a Benchmark Event, the relevant Issuer is unable to appoint an independent advisor or no successor rate or alternative rate is determined, the ultimate fallback for the purposes of calculation of the rate of interest for a particular Interest Period may result in the rate of interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page. In addition, due to the uncertainty concerning the availability of successor rates and alternative rates and the involvement of an independent adviser, in certain circumstances, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes. Investors should consider these matters when making their investment decision with respect to Floating Rate Notes.

Credit Ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

In general, European regulated investors are restricted under the EU CRA Regulation from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation (and such registration has not been withdrawn or suspended) subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by third country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). If the status of the rating agency rating the Notes changes, European regulated investors may no longer be able to use the rating for regulatory purposes and the Notes may have a different regulatory treatment. This may result in European regulated investors selling the Notes which may impact the value of the Notes and any secondary market. The list of registered and certified rating agencies published by ESMA on its website in accordance with the EU CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

If the status of the rating agency rating the Notes changes for the purposes of the EU CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Notes may have a different regulatory treatment, which may impact the value of the Notes and their liquidity in the secondary market.

Enforceability of judgments

Since the UK ceased to be a Member State of the European Union there is uncertainty concerning the enforcement of English court judgments in Sweden or Finland as the regulation concerning the recognition and enforcement of judgments that previously applied between the UK and EU Member States, namely the Recast Brussels Regulation (Regulation (EU) No. 1215/2012 of the European Parliament and of the Council of 12 December 2012) (the **Recast Regulation**) has now ceased to apply to the UK (and UK court judgments). Further, the UK is no longer a party to the Lugano Convention under which judgments from the courts of contracting states (currently the EU, plus Switzerland, Iceland and Norway) are recognised and enforced in other contracting states. As a result, a judgment entered against the relevant Issuer in an English court may not be recognised or enforceable in Sweden or Finland as a matter of law without a re-trial on its merits (but will be of persuasive authority as a matter of evidence before the courts of law, arbitral tribunals or executive or other public authorities in Sweden or Finland).

FINAL TERMS AND DRAWDOWN PROSPECTUSES

In this section the expression "necessary information" means, in relation to any Tranche of Notes, the necessary information which is material to an investor for making an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuers and Guarantor and of the rights attaching to the Notes and the reasons for the issuance of the Notes and its impact on the relevant Issuer. In relation to the different types of Notes which may be issued under the Programme the Issuers and the Guarantor have included in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Final Terms or in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, complete this Base Prospectus and must be read in conjunction with this Base Prospectus in order to obtain all the relevant information. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Conditions described in the Base Prospectus as completed by the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Each Drawdown Prospectus will be constituted by a single document containing the necessary information relating to the relevant Issuer and the Guarantor, if applicable, and the relevant Notes.

FORMS OF THE NOTES

Bearer Notes

Each Tranche of Notes in bearer form (**Bearer Notes**) will initially be in the form of either a temporary global note in bearer form (the **Temporary Global Note**), without interest coupons, or a permanent global note in bearer form (the **Permanent Global Note**), without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a **Global Note**) which is not intended to be issued in new global note (NGN) form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depository or a common depository for Euroclear Bank SA/NV as operator of the Euroclear System (**Euroclear**) and/or Clearstream Banking, S.A. (**Clearstream, Luxembourg**) and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the **ECB**) announced that Notes in NGN form are in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the central banking system for the euro (the **Eurosystem**), **provided that** certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

The relevant Final Terms will indicate whether such Bearer Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Bearer Notes are to be so held does not necessarily mean that the Bearer Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria.

In the case of each Tranche of Bearer Notes, the relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the **TEFRA C Rules**) or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the **TEFRA D Rules**) are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the relevant Issuer shall procure (in the case of first exchange) the delivery of a Permanent Global Note, duly authenticated and, in the case of a NGN, effectuated, to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (a) presentation and (in the case of final exchange) presentation and surrender of the Temporary Global Note to or to the order of the Principal Paying Agent; and

(b) receipt by the Principal Paying Agent of a certificate or certificates of non-U.S. beneficial ownership, within seven days of the bearer requesting such exchange.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Bearer Notes in definitive form (**Definitive Notes**) not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Principal Paying Agent within 30 days of the bearer requesting such exchange.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes:

- (a) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (b) at any time, if so specified in the relevant Final Terms; or
- (c) if the relevant Final Terms specifies "in the limited circumstances specified in the Permanent Global Note", then if either of the following events occurs:
 - (i) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
 - (ii) an Event of Default as defined in Condition 13 (Events of Default) occurs, and the Notes become due and payable.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of Notes represented by the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Principal Paying Agent within 30 days of the bearer requesting such exchange.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under "Terms and Conditions of the Notes" below and the provisions of the relevant Final Terms which complete those terms and conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "Summary of Provisions relating to the Notes while in Global Form" below.

Legend concerning United States persons

In the case of any Tranche of Bearer Notes having a maturity of more than 365 days, the Notes in global form, the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code."

Registered Notes

Each Tranche of Notes in registered form (**Registered Notes**) will be represented by a global registered note (**Global Registered Note**), which may be exchangeable for individual Note Certificates in registered form (**Individual Note Certificates**) as specified in the relevant Final Terms.

In a press release dated 22 October 2008, "*Evolution of the custody arrangement for international debt securities and their eligibility in Eurosystem credit operations*", the ECB announced that it has assessed the new holding structure and custody arrangements for registered notes which the ICSDs had designed in cooperation with market participants and that Notes to be held under the new safekeeping structure (the **New Safekeeping Structure** or **NSS**) would be in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the central banking system for the euro (the **Eurosystem**), subject to the conclusion of the necessary legal and contractual arrangements. The press release also stated that the new arrangements for Notes to be held in NSS form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2010 and that registered debt securities in global registered form issued through Euroclear and Clearstream, Luxembourg after 30 September 2010 will only be eligible as collateral in Eurosystem operations if the New Safekeeping Structure is used.

Each Global Registered Note will either be: (a) in the case of a Note which is not to be held under NSS, registered in the name of a common depository (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Global Registered Note will be deposited on or about the issue date with the common depository; or (b) in the case of a Note to be held under the New Safekeeping Structure, be registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Global Registered Note will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream, Luxembourg.

If the relevant Final Terms specifies the form of Notes as being "*Individual Note Certificates*", then the Notes will at all times be represented by Individual Note Certificates issued to each Noteholder in respect of their respective holdings.

Global Registered Note exchangeable for Individual Note Certificates

If the relevant Final Terms specifies the form of Notes as being "Global Registered Note exchangeable for Individual Note Certificates", then the Notes will initially be represented by one or more Global Registered Note each of which will be exchangeable in whole, but not in part, for Individual Note Certificates:

- (a) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (b) at any time, if so specified in the relevant Final Terms; or
- (c) if the relevant Final Terms specifies "in the limited circumstances specified in the Global Registered Note", then if either of the following events occurs:
 - (i) if Euroclear, Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; and
 - (ii) an Event of Default as defined in Condition 13 (Events of Default) occurs, and the Notes become due and payable.

Whenever a Global Registered Note is to be exchanged for Individual Note Certificates, each person having an interest in a Global Registered Note must provide the Registrar (through the relevant clearing system) with such information as the relevant Issuer and the Registrar may require to complete and deliver Individual Note Certificates (including the name and address of each person in which the Notes represented by the Individual Note Certificates are to be registered and the principal amount of each such person's holding).

Whenever a Global Registered Note is to be exchanged for Individual Note Certificates, the relevant Issuer shall procure that Individual Note Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Registered Note within five business days of the delivery, by or on behalf of the registered holder of the Global Registered Note to the Registrar of such information as is required to complete and deliver such Individual Note Certificates against the surrender of the Global Registered Note at the specified office of the Registrar.

Such exchange will be effected in accordance with the provisions of the Trust Deed and the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled to the Agency Agreement and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Individual Note Certificate will be endorsed on that Individual Note Certificate and will consist of the terms and conditions set out under "Terms and Conditions of the Notes" below and the provisions of the relevant Final Terms which complete those terms and conditions.

The terms and conditions applicable to any Global Registered Note will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "Summary of Provisions relating to the Notes while in Global Form" below.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions which, as completed by the relevant Final Terms, will be endorsed on each Note in definitive form issued under the Programme. In the case of any Tranche of Notes which are being (a) offered to the public in a Member State (other than pursuant to one or more of the exemptions set out in Article 1.4 of the EU Prospectus Regulation) or (b) admitted to trading on a regulated market in a Member State, the relevant Final Terms shall not amend or replace any information in this Base Prospectus. So long as any Note remains outstanding Fastighets AB Balder will not, and will not permit any Subsidiary to incur directly or indirectly, any Indebtedness or any Guarantee in respect of any Indebtedness (excluding for the purposes of this Condition 5.2(a), any Permitted Refinancing Indebtedness) if, on the date of such incurrence and after giving *pro forma* effect thereto (including *pro forma* application of the proceeds) the Consolidated Solvency Ratio would exceed 65 per cent.;

(b) **Maintenance of the Consolidated Coverage Ratio**

So long as any Note remains outstanding Fastighets AB Balder undertakes that on each Testing Date the Consolidated Coverage Ratio is not less than 1.8:1; and

Fastighets AB Balder will promptly notify the Trustee in accordance with the Trust Deed in the event that any of the covenants in this Condition 5.2 (Financial Covenants) are breached at any time.

5.3 Certificates

(a) So long as any Note remains outstanding Fastighets AB Balder will deliver a certificate to the Trustee within three days of each Reporting Date signed by two Authorised Signatories of Fastighets AB Balder certifying that as at the most recent Testing Date Fastighets AB Balder was in compliance with the undertakings set out in paragraph 5.2 (Financial Covenants) or, if Fastighets AB Balder has not complied with Condition 5.2 (Financial Covenants), giving details of such non-compliance.

(b) Any certificate addressed to the Trustee by two Authorised Signatories of Fastighets AB Balder as to any of the amounts of any defined term or figure referred to in Condition 5.2 (Financial Covenants) (unless expressly stated otherwise) may, in the absence of manifest error, be relied upon by the Trustee, and shall be conclusive and binding on Fastighets AB Balder and Noteholders.

6. FIXED RATE NOTE PROVISIONS

6.1 Application

This Condition 6 is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable.

6.2 Accrual of interest

The Notes bear interest from the Interest Commencement Date at the Rate of *Interest* payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (Payments – Bearer Notes) and Condition 11 (Payments – Registered Notes).

6.3 Cessation of Interest

Each Note will cease to bear interest from the due date for final redemption unless, *upon* due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (as well after as before judgment) until whichever is the earlier of (a) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (b) the day which is seven days after the Principal Paying Agent or the Trustee has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

6.4 Fixed Coupon Amount

The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.

6.5 Calculation of interest amount

The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount or Broken Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a **sub-unit** means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

7. FLOATING RATE NOTE PROVISIONS

7.1 Application

This Condition 7 is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable.

7.2 Accrual of interest

The Notes bear interest from (and including) the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (Payments – Bearer Notes) and Condition 11 (Payments – Registered Notes). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (both before and after judgment) until whichever is the earlier of (a) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (b) the day which is seven days after the Principal Paying Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

7.3 Screen Rate Determination

The Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:

- (a) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (b) if Linear Interpolation is specified as applicable in respect of an Interest Period in the relevant Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, where:
 - (A) one rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and

- (B) the other rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next longer than the length of the relevant Interest Period;

provided, however, that if no rate is available for a period of time next shorter or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall calculate the Rate of Interest at such time and by reference to such sources that the relevant Issuer, in consultation with an Independent Adviser appointed by the relevant Issuer, and such Independent Adviser acting in good faith and in a commercially reasonable manner, determines appropriate for the calculation of the applicable Rate of Interest;

- (c) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (d) if, in the case of (a) above, such rate does not appear on that page or, in the case of (c) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the relevant Issuer will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) provide such quotations to the Calculation Agent who shall determine the arithmetic mean of such quotations; and
- (e) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, requested and selected by the relevant Issuer, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; provided, however, that if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

7.4 Maximum or Minimum Rate of Interest

If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

7.5 Calculation of Interest Amount

The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest

for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a **sub-unit** means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

7.6 Publication

The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.

7.7 Notifications etc

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7 by the Calculation Agent will (in the absence of manifest error) be binding on the relevant Issuer, the Guarantor, the Trustee, the Paying Agents, the Noteholders and the Couponholders and (in the absence of wilful default and fraud) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

7.8 Benchmark Replacement

Notwithstanding the provisions above in this Condition 7, if the relevant Issuer, in consultation with the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), determines that a Benchmark Event has occurred in relation to an Original Reference Rate at any time when the Conditions provide for any Rate of Interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply.

(a) Independent Adviser

The relevant Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine (acting in good faith and in a commercially reasonable manner) a Successor Rate, failing which an Alternative Rate and, in either case, an Adjustment Spread and any Benchmark Amendments (each as defined and as further described below) no later than 5 Business Days prior to the Interest Determination Date relating to the next succeeding Interest Period (the **IA Determination Cut-off Date**) for purposes of determining the Rate of Interest applicable to the Notes for such next succeeding Interest Period and for all future Interest Periods (subject to the subsequent operation of this Condition 7.8 during any other future Interest Period(s)).

(b) **Successor Rate or Alternative Rate**

If the Independent Adviser (acting in good faith and in a commercially reasonable manner) determines that:

- (A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 7.8(c)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part(s) thereof) for all future payments of interest on the Notes (subject to the subsequent further operation of this Condition 7.8); or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 7.8(c)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part(s) thereof) for all future payments of interest on the Notes (subject to the subsequent further operation of this Condition 7.8).

(c) **Adjustment Spread**

The Independent Adviser acting in good faith shall determine (i) an Adjustment Spread to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread (and for the avoidance of doubt, an Adjustment Spread may be positive, negative or zero), which such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable), subject to the subsequent further operation and adjustment as provided in this Condition 7.8.

(d) **Benchmark Amendments**

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 7.8 and the Independent Adviser acting in good faith determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the **Benchmark Amendments**) and (ii) the terms of the Benchmark Amendments, then the relevant Issuer shall, subject to giving notice thereof in accordance with Condition 7.8(e), without any requirement for the consent or approval of Noteholders or Couponholders, vary these Conditions to give effect to such Benchmark Amendments with effect from the date specified in such notice.

For the avoidance of doubt, the Trustee and Principal Paying Agent shall, at the request and expense of the relevant Issuer, agree to effect such consequential amendments to the Trust Deed, the Paying Agency Agreement and these Conditions as the relevant Issuer determines and certifies to the Trustee may be required in order to give effect to this Condition 7.8 regardless of whether or not effecting such Benchmark Amendments would constitute a Reserved Matter or one or more provisos under Condition 17 (Meetings of Noteholders; Modification and Waiver; Substitution) **provided, however, that** neither the Trustee nor the Principal Paying Agent (as applicable) shall be obliged to agree to any such consequential amendments if the same would, in the sole opinion of the Trustee or the Principal Paying Agent (as applicable), have the effect of (i) exposing it to any liabilities against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (ii) increasing its obligations or duties or decreasing its rights and/or the protective provisions afforded to it in the Trust Deed and/or these Conditions and/or the Paying Agency Agreement (as applicable).

In connection with any such variation in accordance with this Condition 7.8(d), the relevant Issuer shall comply with the rules of any stock exchange or other relevant authority on or by which the Notes are for the time being listed or admitted to trading.

(e) **Notices, etc.**

The relevant Issuer shall promptly notify the party responsible for determining the Rate of Interest (or any component part thereof) (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), the Trustee, the Principal Paying Agent, the Paying Agents and, in accordance with Condition 20 (Notices), the Noteholders of any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments determined under this Condition 7.8(e). Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any. No later than notifying the Trustee of the same, the relevant Issuer shall deliver to the Trustee a certificate signed by two Authorised Signatories of the relevant Issuer confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or Alternative Rate (as applicable), (iii) any Adjustment Spread and (iv) where applicable, the terms of any changes pursuant to sub-paragraph (d) above.

(f) **Survival of Original Reference Rate**

Without prejudice to the obligations of the relevant Issuer under this Condition 7.8, the Original Reference Rate and the fallback provisions provided for in Condition 7.3 will continue to apply unless and until the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable) has been notified of the Successor Rate or the Alternative Rate (as the case may be), any Adjustment Spread and Benchmark Amendments (if applicable), in accordance with Condition 7.8(e).

(g) **Fallbacks**

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest (or any component part thereof) on the immediately following Interest Determination Date, the relevant Issuer is unable to appoint an Independent Adviser or no Successor Rate or Alternative Rate (as applicable) is determined or a Successor Rate or Alternative Rate (as applicable) is determined but is not notified to the Calculation Agent not less than ten Business Days prior to the next Interest Determination Date pursuant to this provision prior to the IA Determination Cut-off Date and the Relevant Screen Page is no longer available for use, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Period (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period).

(h) **Calculation Agent**

Notwithstanding any other provision of this Condition 7.8, if in the Calculation Agent's opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 7.8, the Calculation Agent shall promptly notify the relevant Issuer thereof and the relevant Issuer shall direct the Calculation Agent in writing as to which alternative course of action to adopt. If the Calculation Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or

determination for any reason, it shall notify the relevant Issuer thereof and the Calculation Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

For the avoidance of doubt, this Condition 7.8 shall apply to the determination of the Rate of Interest on the relevant Interest Determination Date only, and the Rate of Interest applicable to any subsequent Interest Period(s) is subject to the subsequent operation of, and to adjustment as provided in, this Condition 7.8.

For the purposes of this Condition 7.8:

Adjustment Spread means either a spread (which may be positive or negative or zero), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser acting in good faith determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders and Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (b) (if no such recommendation or option has been made (or made available), or in the case of an Alternative Rate) the Independent Adviser acting in good faith determines is recognised or acknowledged as being in customary usage in international debt capital markets transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (c) (if no such customary market usage is recognised or acknowledged) the Independent Adviser acting in good faith determines to be appropriate;

Alternative Rate means an alternative to the Original Reference Rate which the Independent Adviser acting in good faith determines in accordance with Condition 7.8(b) has replaced the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for the same interest period and in the same Specified Currency as the Notes or, if the Independent Adviser determines there is no such rate, such other rate as the Independent Adviser acting in good faith determines is most comparable to the Original Reference Rate;

Benchmark Amendments has the meaning given to it in Condition 7.8(d);

Benchmark Event means:

- (a) the Original Reference Rate ceasing to be published for a period of at least 5 Business Days or ceasing permanently to be calculated, administered and published;
- (b) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six months prior to the date specified in (b)(i) above;

- (c) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;
- (d) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six months prior to the date specified in (d)(i) above;
- (e) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case on or before a specified date and (ii) the date falling six months prior to the specified date referred to in (e)(i) above; or
- (f) it has or will prior to the next Interest Determination Date become unlawful for the Calculation Agent, the relevant Issuer or any other party to calculate any payments due to be made to any Noteholder or Couponholder using the Original Reference Rate (including, without limitation, under Regulation (EU) 2016/1011, if applicable);
- (g) the making of a public statement by the supervisor of the administrator of such Original Reference Rate announcing that such Original Reference Rate is no longer representative or may no longer be used;

in each case, as determined by the relevant Issuer, or in the case of (f) above, the relevant Issuer in consultation with the Calculation Agent or the relevant person responsible for calculating payments.

Independent Adviser means an independent financial institution of international repute or other independent financial adviser of recognised standing with relevant experience in the international capital markets, in each case appointed by the relevant Issuer at its own expense;

Original Reference Rate means the originally-specified Reference Rate or, where a Successor Rate or an Alternative Rate has been determined pursuant to Condition 7.8(b), such Successor Rate or Alternative Rate, as applicable, used to determine the Rate of Interest (or any component part thereof) on the Notes;

Relevant Nominating Body means, in respect of an Original Reference Rate:

- (a) the central bank, reserve bank, monetary authority or any similar institution for the currency to which the Original Reference Rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the Original Reference Rate; or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank, reserve bank, monetary authority or any similar institution for the currency to which the Original Reference Rate relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the Original Reference Rate, (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof; and

Successor Rate means a successor to or replacement of the Original Reference Rate which is formally recommended, or formally provided as an option for parties to adopt, by any Relevant Nominating Body.

8. ZERO COUPON NOTE PROVISIONS

8.1 Application

This Condition 8 is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.

8.2 Late payment on Zero Coupon Notes

If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

- (a) the Reference Price; and
- (b) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Principal Paying Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

9. REDEMPTION AND PURCHASE

9.1 Scheduled redemption

Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 10 (Payments – Bearer Notes) and Condition 11 (Payments – Registered Notes).

9.2 Redemption for tax reasons

The Notes may be redeemed at the option of the relevant Issuer in whole, but not in part:

- (a) at any time (unless the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable); or
- (b) on any Interest Payment Date (if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 days' notice to the Noteholders in accordance with Condition 20 (Notices) (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if, immediately before giving such notice, the relevant Issuer satisfies the Trustee that:

- (i) the relevant Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 12 (Taxation) or the Guarantor is unable to procure payment by the relevant Issuer and in making payment itself would be required to pay such additional amounts, in each case as a result of any change in, or amendment to, the laws or regulations of the Kingdom of Sweden or the Republic of Finland or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of issue of the first Tranche of the Notes; and

- (ii) such obligation cannot be avoided by the relevant Issuer or, as the case may be, the Guarantor, taking reasonably measures available to it (but at no material cost) to mitigate the effects of the occurrence of the relevant events described in sub-paragraph (i) above,

provided, however, that no such notice of redemption shall be given earlier than:

- (A) where the Notes may be redeemed at any time, 90 days (or such other period as may be specified in the relevant Final Terms) prior to the earliest date on which the relevant Issuer or, as the case may be, the Guarantor would be obliged to pay such additional amounts or the Issuer or, as the case may be, the Guarantor would be obliged to make such withholding or deduction if a payment in respect of the Notes were then due or (as the case may be) a demand under the Guarantee of the Notes were then made; or
- (B) where the Notes may be redeemed only on an Interest Payment Date, 60 days (or such other period as may be specified in the relevant Final Terms) prior to the Interest Payment Date occurring immediately before the earliest date on which the relevant Issuer or, as the case may be, the Guarantor would be obliged to pay such additional amounts or the Issuer or, as the case may be, the Guarantor would be obliged to make such withholding or deduction if a payment in respect of the Notes were then due or (as the case may be) a demand under the Guarantee of the Notes were then made.

Prior to the publication of any notice of redemption pursuant to this paragraph, the relevant Issuer shall deliver to the Trustee (I) a certificate signed by two Authorised Signatories of the relevant Issuer or, as the case may be, two Authorised Signatories of the Guarantor, stating that the relevant Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the relevant Issuer so as to redeem have occurred and (II) an opinion in form and substance satisfactory to the Trustee of independent legal advisers of recognised standing to the effect that the relevant Issuer or, as the case may be, the Guarantor has or will become obliged to pay such additional amounts as a result of such change or amendment. The Trustee shall be entitled to accept such certificate and opinion as sufficient evidence of the satisfaction of the circumstances set out above, in which event they shall be conclusive and binding on the Noteholders.

Upon the expiry of any such notice as is referred to in this Condition 9.2, the relevant Issuer shall be bound to redeem the Notes in accordance with this Condition 9.2.

9.3 Redemption at the option of the relevant Issuer

If Call Option is specified in the relevant Final Terms as being applicable, the Notes may be redeemed at the option of the relevant Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) on the relevant Issuer's giving not less than 10 nor more than 60 days' notice, or such other period(s) as may be specified in the relevant Final Terms, to the Noteholders in accordance with Condition 20 (Notices) (which notice shall be irrevocable (other than in the circumstances set out below) and shall oblige the relevant Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the applicable amount specified in the relevant Final Terms (together, if appropriate, with accrued interest to (but excluding) the relevant Optional Redemption Date (Call)) at one of:

- (a) the Optional Redemption Amount (Call); or
- (b) the Make Whole Redemption Price.

The **Make Whole Redemption Price** will, in respect of Notes to be redeemed, be:

- (i) if **Sterling Make Whole Redemption Amount** is specified as being applicable in the relevant Final Terms an amount equal to the higher of (A) 100 per cent. of the principal amount of such Notes to be redeemed and (B) the principal amount of such Notes to be redeemed multiplied by the price (expressed as a percentage), as reported in writing to the relevant Issuer by the Determination Agent (if applicable), at which the Gross Redemption Yield on such Notes on the Reference Date is equal to the Gross Redemption Yield (as determined by reference to the middle market price) at the Quotation Time on the Reference Date of the Reference Bond, plus the Redemption Margin, as determined by the Determination Agent; or
- (ii) if **Non-Sterling Make Whole Redemption Amount** is specified in the relevant Final Terms an amount equal to the higher of (A) 100 per cent. of the principal amount of such Notes to be redeemed and (B) the principal amount of such Notes to be redeemed multiplied by the price (expressed as a percentage), as reported in writing to the relevant Issuer by the Determination Agent (if applicable), at which the yield to maturity on such Notes (or, if a Par Call Commencement Date is specified in the relevant Final Terms, the period to the Par Call Commencement Date) on the Reference Date is equal to the Reference Bond Rate at the Quotation Time on the Reference Date, plus the Redemption Margin, as determined by the Determination Agent.

If Make Whole Redemption Price is specified in the relevant Final Terms as being applicable, any notice of redemption may, at the relevant Issuer's discretion, be subject to one or more conditions precedent, in which case such notice shall state that, in the relevant Issuer's discretion, the Optional Redemption Date (Call) may be delayed until such time as any or all such conditions shall be satisfied (or waived by the relevant Issuer in its sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied (or waived by the relevant Issuer in its sole discretion) by the Optional Redemption Date (Call), or by the Optional Redemption Date (Call) so delayed.

9.4 Partial redemption

If the Notes are to be redeemed in part only on any date in accordance with Condition 9.3 (Redemption at the option of the relevant Issuer), in the case of Bearer Notes, the Notes to be redeemed shall be selected by the drawing of lots in such place as the Principal Paying Agent approves and in such manner as the Principal Paying Agent considers appropriate, subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the notice to Noteholders referred to in Condition 9.3 (Redemption at the option of the relevant Issuer) (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) shall specify the serial numbers of the Notes so to be redeemed (which will be published by the relevant Issuer in accordance with Condition 20 (Notices) not less than 15 days prior to the date fixed for redemption), and, in the case of Registered Notes, each Note shall be redeemed in part in the proportion which the aggregate principal amount of the outstanding Notes to be redeemed on the relevant Optional Redemption Date (Call) bears to the aggregate principal amount of outstanding Notes on such date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as specified in the applicable Final Terms.

9.5 Redemption at the option of Noteholders

If Put Option is specified in the relevant Final Terms as being applicable, the relevant Issuer shall, at the option of the Holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together

with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 9.5, the Holder of a Note must, not less than 30 nor more than 60 days before the relevant Optional Redemption Date (Put) (or such other period(s) as may be specified in the relevant Final Terms), deposit with any Paying Agent such Note together with all unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 9.5, may be withdrawn; **provided, however, that** if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 9.5, the depositor of such Note and not such Paying Agent shall be deemed to be the Holder of such Note for all purposes.

9.6 Change of Control Put Option

If Change of Control Put Option is specified as applicable in the relevant Final Terms, if at any time while any Note remains outstanding, there occurs:

- (a) (i) Change of Control (as defined below), and, (ii) within the Change of Control Period, a Rating Event in respect of that Change of Control occurs (such Change of Control and Rating Event not having been cured prior to the expiry of the Change of Control Period); or
- (b) a Change of Control (as defined below), and, on the occurrence of the Change of Control, Fastighets AB Balder is not rated by any Rating Agency and, within the Change of Control Period a Negative Rating Event occurs,

(each, a **Change of Control Put Event**), each Noteholder will have the option (the **Change of Control Put Option**) (unless, prior to the giving of the Change of Control Put Event Notice (as defined below), the relevant Issuer gives notice to redeem the Notes under Condition 9.2 or 9.3), at any time during the Change of Control Put Period, to require the relevant Issuer to redeem or, at the relevant Issuer's option, to procure the purchase of, all or part of its Notes, on the Optional Redemption Date (Change of Control) at the principal amount outstanding of such Notes together with (or where purchased, together with an amount equal to) interest accrued to, but excluding, the Optional Redemption Date (Change of Control).

Immediately upon the relevant Issuer becoming aware that a Change of Control Put Event has occurred, the relevant Issuer shall give notice (a **Change of Control Put Event Notice**) to the Noteholders in accordance with Condition 20 (Notices) specifying the nature of the Change of Control Put Event and the procedure for exercising the Change of Control Put Option contained in this Condition 9.6.

To exercise the Change of Control Put Option, a Noteholder must transfer or cause to be transferred its Notes to be so redeemed or purchased to the account of the Principal Paying Agent specified in the Change of Control Put Option Notice (as defined below) for the account of the relevant Issuer, together with a duly signed and completed notice of exercise in the then current form obtainable from the Principal Paying Agent (a **Change of Control Put Option Notice**) within the Change of Control Put Period and in which the Noteholder may specify a bank account to which payment is to be made under this Condition 9.6.

A Change of Control Put Option Notice once given shall be irrevocable. The relevant Issuer shall redeem or, at the option of the relevant Issuer procure the purchase of, the Notes in respect of which the Change of Control Put Option has been validly exercised as provided above, and subject to the transfer of such Notes to the account of the Principal Paying Agent for the account of the relevant Issuer as described above, on the Optional Redemption Date (Change of Control). Payment in respect of such Notes will be made on the Optional Redemption Date (Change of Control) by transfer to the bank account specified in the Change of Control Put Option Notice.

If 90 per cent. or more in principal amount of the Notes then outstanding have been redeemed pursuant to this Condition 9.6, the relevant Issuer may, on not less than 30 nor more than 60 days' irrevocable notice to the Noteholders in accordance with Condition 20 (Notices) given within 30 days after the Optional Redemption Date (Change of Control), redeem on a date to be specified in such notice at its option, all (but not some only) of the remaining Notes at their principal amount, together with interest accrued to but excluding the date of redemption.

The Trustee is under no obligation to ascertain whether a Change of Control Put Event or Change of Control or any event which could lead to the occurrence of or could constitute a Change of Control Put Event or Change of Control has occurred or to notify the Noteholders of the same and, until it shall have actual knowledge or notice pursuant to the Trust Deed to the contrary, the Trustee may assume that no Change of Control Put Event or Change of Control or other such event has occurred.

For the purpose of this Condition 9.6:

A **Change of Control** shall be deemed to have occurred if at any time following the Issue Date, a person or persons, acting together, acquires (i) the beneficial ownership (directly or indirectly) of more than 50 per cent. of the total voting rights represented by shares of Fastighets AB Balder, or (ii) the power to appoint or remove the majority of the members of the board of directors of Fastighets AB Balder;

Change of Control Period means the period (i) beginning on the date that is the earlier of (A) the first public announcement of the relevant Change of Control; and (B) the date of the earliest Potential Change of Control Announcement, if any, and (ii) ending on the date which is the 120th day after the date of the first public announcement of the relevant Change of Control (such 120th day, the **Initial Longstop Date**); **provided that**, unless any other Rating Agency has on or prior to the Initial Longstop Date effected a Rating Event in respect of its rating of Fastighets AB Balder, if a Rating Agency publicly announces that it has placed its rating of Fastighets AB Balder under consideration for rating review either entirely or partially as a result of the relevant public announcement of the Change of Control or Potential Change of Control Announcement, the Change of Control Period shall end on the later of (i) the Initial Longstop Date and (ii) the date falling 60 days after such public announcement;

Change of Control Put Period means the period from and including the date on which a Change of Control Put Event occurs (whether or not the relevant Issuer has given a Change of Control Put Event Notice (as applicable) in respect of such event) to and including the date falling 60 days after the date on which such Change of Control Put Event Notice is given, **provided that** if no Change of Control Put Event Notice (as applicable) is given, the Change of Control Put Period shall not terminate;

A **Negative Rating Event** shall be deemed to have occurred if (i) Fastighets AB Balder does not, prior to or not later than 21 days after the occurrence of the relevant Change of Control, seek, and thereafter throughout the Change of Control Period use reasonable endeavours to obtain, a rating of the Notes or (ii) if Fastighets AB Balder does so seek and use such reasonable endeavours, it is unable to obtain such rating of at least the rating assigned to the Notes or Fastighets AB Balder on the Issue Date of the Notes by the end of the Change of Control Period and the relevant Rating Agency announces publicly or confirms in writing to the relevant Issuer and, as the case may be, the Guarantor that the failure to issue a rating of at least the rating assigned to the Notes or Fastighets AB Balder on the Issue Date of

the Notes was as a result, directly or indirectly, of the Change of Control (whether or not the Change of Control had occurred at such time).

Optional Redemption Date (Change of Control) means, in respect of any Note, the date which falls 14 days after the date on which the relevant holder exercises its option in accordance with Condition 9.6 (Redemption and Purchase - Change of Control Put Option);

Potential Change of Control Announcement means any public announcement or statement by Fastighets AB Balder, any actual or potential bidder or any designated adviser thereto relating to any specific and near-term potential Change of Control (where "near-term" shall mean that such potential Change of Control is reasonably likely to occur, or is publicly stated by Fastighets AB Balder, any such actual or potential bidder or any such designated adviser to be intended to occur, within 120 days of the date of such announcement of statement); and

A **Rating Event** shall be deemed to have occurred in respect of a Change of Control if within the Change of Control Period (i) the rating previously assigned to Fastighets AB Balder by any Rating Agency solicited by (or with the consent of) Fastighets AB Balder is withdrawn and not subsequently reinstated within the Change of Control Period or (ii) the non-investment grade rating previously assigned to Fastighets AB Balder by any Rating Agency is lowered one rating category (for example, from Ba1/BB+ to Ba2/BB or such similar lower or equivalent rating) and not subsequently upgraded within the Change of Control Period or (iii) an Investment Grade Rating Change occurs and is not subsequently reinstated within the Change of Control Period, **provided that** a Rating Event otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control if the Rating Agency making the change in rating to which this definition would otherwise apply does not publicly announce or publicly confirm that the withdrawal or reduction was the result of the applicable Change of Control.

9.7 Clean-up Call Option

If the Clean-up Call Option is specified in the relevant Final Terms as being applicable, in the event that Notes representing an aggregate amount equal to or exceeding 75 per cent. of the principal amount of the Notes (which shall include, for these purposes, any further Notes issued pursuant to Condition 19 (Further Issues)) have been purchased and cancelled or redeemed by the relevant Issuer (other than as a result of the exercise by the relevant Issuer of its redemption right under Condition 9.3 (Redemption at the Option of the Relevant Issuer)) the relevant Issuer may, on giving not less than 10 nor more than 60 days' irrevocable notice to the Trustee, the Principal Paying Agent and the Noteholders in accordance with Condition 20 (Notices) (or such other notice period as may be specified in the applicable Final Terms), redeem on the date specified in such notice all, but not some only, of the remaining Notes in that Series at their Early Redemption Amount (as specified in the relevant Final Terms) together with any interest accrued to but excluding the date set for redemption.

9.8 No other redemption

The relevant Issuer shall not be entitled to redeem the Notes otherwise than as provided in Condition 9.1 (Redemption and Purchase – Scheduled redemption) to Condition 9.7 (Redemption and Purchase - Clean-up Call Option) above.

9.9 Early redemption of Zero Coupon Notes

Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:

- (a) the Reference Price; and

- (b) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of this Condition 9.9 or, if none is so specified, a Day Count Fraction of 30E/360.

9.10 Purchase

The relevant Issuer, the Guarantor or any of their respective Subsidiaries, may at any time purchase Notes in the open market or otherwise and at any price, provided that all unmatured Coupons are purchased therewith. Such Notes may be held, reissued, or resold (**provided that** such resale is outside the United States and is otherwise in compliance with all applicable laws) or surrendered for cancellation at the option of the relevant Issuer or otherwise, as the case may be in compliance with Condition 9.11 (Redemption and Purchase – Cancellation). The Notes so purchased, while held by or on behalf of the relevant Issuer, the Guarantor or any such Subsidiary shall not entitle the holder to vote at any meeting of the Noteholders and shall not be deemed to be outstanding for the purposes of calculating quorums at meetings of the Noteholders or for the purposes of Condition 17 (Meetings of Noteholders; Modification and Waiver; Substitution).

9.11 Cancellation

All Notes which are redeemed pursuant to Condition 9.2 (Redemption and Purchase – Redemption for tax reasons), Condition 9.3 (Redemption and Purchase – Redemption at the option of the relevant Issuer), Condition 9.5 (Redemption and Purchase – Redemption at the option of Noteholders), Condition 9.6 (Redemption and Purchase – Change of Control Put Option), 9.7 (Redemption and Purchase - Clean-up Call Option) or submitted for cancellation pursuant to Condition 9.10 (Redemption and Purchase – Purchase) will be cancelled and may not be reissued or resold. If the Notes are admitted to trading on a stock exchange, then for so long as the Notes are admitted to trading on such exchange and if the rules of such exchange so require, the relevant Issuer shall promptly inform such exchange of the cancellation of any Notes under this Condition 9.11.

10. PAYMENTS – BEARER NOTES

This Condition 10 is only applicable to Bearer Notes.

10.1 Principal

Payments of principal shall be made only against presentation and (**provided that** payment is made in full) surrender of Bearer Notes at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency.

10.2 Interest

Payments of interest shall, subject to Condition 10.8 (Payments – Bearer Notes – Payments other than in respect of matured Coupons) below, be made only against presentation and (**provided that** payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in Condition 10.1 (Payments – Bearer Notes – Principal) above.

10.3 Payments in New York City

Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the relevant Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law.

10.4 Payments subject to fiscal laws

All payments in respect of the Bearer Notes are subject in all cases to (a) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 12 (Taxation) and (b) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 12 (Taxation)) any law implementing an intergovernmental approach thereto. No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

10.5 Deductions for unmatured Coupons

If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Bearer Note is presented without all unmatured Coupons relating thereto:

- (a) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; **provided, however, that** if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;
- (b) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the Relevant Coupons) being equal to the amount of principal due for payment; provided, however, that where this Condition 10.5(b)(A) would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; provided, however, that, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in Condition 10.1 (Payments – Bearer Notes – Principal) above against presentation and (**provided that** payment is made in full) surrender of the relevant missing Coupons.

10.6 Unmatured Coupons void

On the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 9.2 (Redemption and Purchase – Redemption for tax reasons), Condition 9.3 (Redemption and Purchase – Redemption at the option of the relevant Issuer), Condition 9.5 (Redemption and Purchase – Redemption at the option of Noteholders), Condition 9.6 (Redemption and Purchase – Change of Control Put Option), 9.7 (Redemption and Purchase - Clean-up Call Option) or Condition 13 (Events of Default), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.

10.7 Payments on business days

If the due date for payment of any amount in respect of any Bearer Note or Coupon is not a Payment Business Day in the place of presentation, the Holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.

10.8 Payments other than in respect of matured Coupons

Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Bearer Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by Condition 10.3 (Payments – Bearer Notes – Payments in New York City) above).

10.9 Partial payments

If a Paying Agent makes a partial payment in respect of any Bearer Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.

10.10 Exchange of Talons

On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Bearer Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Principal Paying Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 14 (Prescription)). Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

11. PAYMENTS – REGISTERED NOTES

This Condition 11 is only applicable to Registered Notes.

11.1 Principal

Payments of principal shall be made by cheque drawn in the currency in which the payment is due drawn on, or, upon application by a Holder of a Registered Note to the Specified Office of the Principal Paying Agent not later than the 15th day before the due date for any such payment, by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the case of a sterling cheque, a town clearing branch of a bank in the City of London) and (in the case of redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.

11.2 Interest

Payments of interest shall be made by cheque drawn in the currency in which the payment is due drawn on, or, upon application by a Holder of a Registered Note to the Specified Office of the Principal Paying Agent not later than the fifteenth day before the due date for any such payment, by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the case of a sterling cheque, a town clearing branch of a bank in the City of London) and (in the case of interest payable on redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.

11.3 Payments subject to fiscal laws

All payments in respect of the Registered Notes are subject in all cases to (a) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 12 (Taxation) and (b) any withholding or deduction required pursuant to an agreement described in the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 12 (Taxation)) any law implementing an intergovernmental approach thereto. No commissions or expenses shall be charged to the Noteholders in respect of such payments.

11.4 Payments on business days

Where payment is to be made by transfer to an account, payment instructions (for value the due date, or, if the due date is not Payment Business Day, for value the next succeeding Payment Business Day) will be initiated and, where payment is to be made by cheque, the cheque will be mailed (a) (in the case of payments of principal and interest payable on redemption) on the later of the due date for payment and the day on which the relevant Note Certificate is surrendered (or, in the case of part payment only, endorsed) at the Specified Office of a Paying Agent and (b) (in the case of payments of interest payable other than on redemption) on the due date for payment. A Holder of a Registered Note shall not be entitled to any interest or other payment in respect of any delay in payment resulting from (i) the due date for a payment not being a Payment Business Day or (ii) a cheque mailed in accordance with this Condition 11 arriving after the due date for payment or being lost in the mail.

11.5 Partial payments

If a Paying Agent makes a partial payment in respect of any Registered Note, the relevant Issuer shall procure that the amount and date of such payment are noted on the Register and, in the case of partial payment upon presentation of a Note Certificate, that a statement indicating the amount and the date of such payment is endorsed on the relevant Note Certificate.

11.6 Record date

Each payment in respect of a Registered Note will be made to the person shown as the Holder in the Register at the close of business in the place of the Registrar's Specified Office on the fifteenth day before the due date for such payment (the **Record Date**). Where payment in respect of a Registered Note is to be made by cheque, the cheque will be mailed to the address shown as the address of the Holder in the Register at the opening of business on the relevant Record Date.

12. TAXATION

12.1 Gross up

All payments of principal and interest in respect of the Notes and the Coupons by or on behalf of the relevant Issuer or, if applicable, the Guarantor shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Kingdom of Sweden, the Republic of Finland or any political subdivision therein or any authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, the relevant Issuer or (as the case may be) the Guarantor shall pay such additional amounts as will result in receipt by the Noteholders and the Couponholders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Note or Coupon presented for payment:

- (a) by or on behalf of a Holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of its having some connection with the Kingdom of Sweden or the Republic of Finland (as applicable) other than the mere holding of the Note or Coupon; or
- (b) where the relevant Note or Coupon or Note Certificate is presented or surrendered for payment more than 30 days after the Relevant Date except to the extent that the Holder of such Note or Coupon would have been entitled to such additional amounts on presenting or surrendering such Note or Coupon or Note Certificate for payment on the last day of such period of 30 days.

12.2 Taxing jurisdiction

If Fastighets AB Balder becomes subject at any time to any taxing jurisdiction other than the Kingdom of Sweden, references in these Conditions to the Kingdom of Sweden shall be construed as references to the Kingdom of Sweden and/or such other jurisdiction.

Notice of any change in any of the Agents or in their Specified Offices shall promptly be given to the Noteholders.

17. MEETINGS OF NOTEHOLDERS; MODIFICATION AND WAIVER; SUBSTITUTION

17.1 Meetings of Noteholders

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matters relating to their interests, the Notes, the Agency Agreement or the Trust Deed. Such a meeting may be convened by the relevant Issuer and, if applicable, the Guarantor (acting together) or by the Trustee and shall be convened by the Trustee (subject to its being indemnified and/or secured and/or prefunded to its satisfaction) upon the request in writing of Noteholders holding not less than one-tenth of the aggregate principal amount of the outstanding Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be one or more Persons holding or representing not less than half of the aggregate principal amount of the outstanding Notes or, at any adjourned meeting, one or more Persons being or representing Noteholders whatever the principal amount of the Notes held or represented; **provided, however, that** Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which one or more persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate principal amount of the outstanding Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders and Couponholders, whether present or not.

Any such meeting of the Noteholders may be convened at a physical location, or such other method (which may include, without limitation, a conference call or video conference) as the Trustee may determine in accordance with the provisions of the Trust Deed.

In addition, a resolution in writing signed by or on behalf of not less than three-quarters of Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders under the Trust Deed will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

The Trust Deed provides that an Extraordinary Resolution or a request to the Trustee by the holders of at least one-quarter in nominal amount of the Notes then outstanding which in the opinion of the Trustee affects the Notes of more than one Series:

- (a) but does not give rise (in the opinion of the Trustee) to an actual or potential conflict of interest between the holders of Notes of any of the Series so affected, shall be deemed to have been duly passed at a single meeting of the holders of the Notes of all Series so affected or given by a request by the holders

of at least one-quarter in nominal amount of all the Notes then outstanding of all Series so affected (taken together); and

- (b) and gives rise or may give rise (in the opinion of the Trustee) to a conflict of interest between the holders of Notes of one or more Series so affected shall be deemed to have been duly passed or given only if passed at separate meetings of the holders of the Notes of each Series so affected or, as the case may be, if given by a request by the holders of at least one-quarter in nominal amount of each separate Series of Notes then outstanding so affected.

17.2 Modification and waiver

The Trustee may, without the consent of the Noteholders or the Couponholders, agree to any modification of these Conditions, the Agency Agreement or the Trust Deed (other than in respect of a Reserved Matter) which is, in the opinion of the Trustee not materially prejudicial to the interests of Noteholders and to any modification of these Conditions, the Agency Agreement or the Trust Deed which is of a formal, minor or technical nature or is to correct a manifest error. In addition, the Trustee may, without the consent of the Noteholders or the Couponholders, authorise or waive any proposed breach or breach of any Condition of the Notes, the Agency Agreement or the Trust Deed (other than a proposed breach or breach relating to the subject of a Reserved Matter) or determine without the consent of the Noteholders that any Event of Default or Potential Event of Default shall not be treated as such) if, in the opinion of the Trustee, the interests of the Noteholders will not be materially prejudiced thereby. Any such authorisation, waiver, modification or determination shall be binding on the Noteholders and shall be notified to the Noteholders as soon as practicable thereafter unless the Trustee agrees otherwise. With respect to any such waiver, the Trustee shall not exercise any powers conferred upon it in contravention of any express direction by an Extraordinary Resolution or of a request in writing made by the holders of not less than 25 per cent. in aggregate principal amount of the Notes then outstanding.

Additionally, the Issuers may, subject to Condition 7.8, vary or amend these Conditions, the Trust Deed and/or the Paying Agency Agreement to give effect to certain amendments without any requirement for the consent or approval of Noteholders of the relevant Notes or Coupons, as described in Condition 7.8 (Benchmark Replacement) and the Trustee shall agree to such variations or amendments on the basis set out in Condition 7.8.

17.3 Substitution

The Trust Deed contains provisions requiring the Trustee, subject to such other conditions as the Trust Deed sets out but without the consent of the Noteholders to substitute any company in place of the relevant Issuer (or of any previous substitute under Clause 7.3 (*Substitution*) of the Trust Deed), as principal debtor under the Trust Deed and the Notes. No Noteholder shall, in connection with any such substitution, be entitled to claim from the relevant Issuer or the Trustee any indemnification or payment in respect of any tax consequence of any such substitution upon individual Noteholders, except to the extent provided in Condition 12 (Taxation) (or any undertaking given in addition to or substitution of it pursuant to the provisions of the Trust Deed).

Any such substitution shall be binding on the Noteholders and shall be notified to the Noteholders as soon as practicable thereafter unless the Trustee agrees otherwise.

18. ENFORCEMENT

The Trustee may at any time, at its discretion and without notice, institute such proceedings as it thinks fit to enforce its rights under the Trust Deed in respect of the Notes, but it shall not be bound to do so unless:

- (a) it has been so requested in writing by the Holders of at least one-fifth of the aggregate principal amount of the outstanding Notes or has been so directed by an Extraordinary Resolution; and
- (b) it has been indemnified and/or prefunded and/or provided with security to its satisfaction.

No Noteholder may proceed directly against the relevant Issuer or, if applicable, the Guarantor unless the Trustee, having become bound to do so, fails to do so within a reasonable time and such failure is continuing.

19. FURTHER ISSUES

The relevant Issuer may from time to time, without the consent of the Noteholders or the Couponholders and in accordance with the Trust Deed, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the outstanding Notes.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Clearing System Accountholders

In relation to any Tranche of Notes represented by a Global Note in bearer form, references in the Terms and Conditions of the Notes to **Noteholder** are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depositary or a common depositary, in the case of a Classic Global Note (CGN), or a common safekeeper, in the case of an NGN for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or, as the case may be, common safekeeper.

In relation to any Tranche of Notes represented by a Global Registered Note, references in the Terms and Conditions of the Notes to **Noteholder** are references to the person in whose name such Global Registered Note is for the time being registered in the Register which, for so long as the Global Registered Note is held by or on behalf of a depositary or a common depositary or a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or common safekeeper or a nominee for that depositary or common depositary or common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note or a Global Registered Note (each an **Accountholder**) must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the relevant Issuer to the holder of such Global Note or Global Registered Note and in relation to all other rights arising under such Global Note or Global Registered Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note or Global Registered Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by a Global Note or Global Registered Note, Accountholders shall have no claim directly against the relevant Issuer in respect of payments due under the Notes and such obligations of the relevant Issuer will be discharged by payment to the holder of such Global Note or Global Registered Note.

Conditions applicable to Global Notes

Each Global Note and Global Registered Note will contain provisions which modify the Terms and Conditions of the Notes as they apply to the Global Note or Global Registered Note. The following is a summary of certain of those provisions:

Payments

All payments in respect of the Global Note or Global Registered Note which, according to the Terms and Conditions of the Notes, require presentation and/or surrender of a Note, Note Certificate or Coupon will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note or Global Registered Note to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the relevant Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the relevant Issuer shall procure that in respect of a CGN the payment is noted in a schedule thereto and in respect of an NGN the payment is entered *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

Payment Business Day

In the case of a Global Note, or a Global Registered Note, shall be, if the currency of payment is euro, any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or, if the currency of payment is not euro, any day which is a day

on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Payment Record Date

Each payment in respect of a Global Registered Note will be made to the person shown as the holder in the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the **Record Date**) where **Clearing System Business Day** means a day on which each clearing system for which the Global Registered Note is being held is open for business.

Exercise of Put Option or Change of Control Put Option

In order to exercise the option contained in Condition 9.5 (Redemption and Purchase – Redemption at the option of Noteholders) or Condition 9.6 (Redemption and Purchase – Change of Control Put Option) the bearer of the Permanent Global Note or the holder of a Global Registered Note must, within the period specified in the Conditions for the deposit of the relevant Note and put notice give written notice of such exercise to the Principal Paying Agent, in accordance with the rules and procedures of Euroclear, Clearstream, Luxembourg and/or other relevant clearing system, specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 9.3 (Redemption at the option of the relevant Issuer) in relation to some only of the Notes, the Permanent Global Note or Global Registered Note may be redeemed in part in the principal amount specified by the relevant Issuer in accordance with the Conditions and the Notes to be redeemed will not be selected as provided in the Conditions but in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion).

In the case of a partial redemption of Notes, the Notes to be redeemed (**Redeemed Notes**) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 9.3 and notice to that effect shall be given by the relevant Issuer to the Noteholders in accordance with Condition 20 at least five days prior to the Selection Date.

Notices

Notwithstanding Condition 20 (Notices), while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) or a Global Registered Note and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are), or the Global Registered Note is, deposited with a depository or a common depository for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 20 (Notices) on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

USE OF PROCEEDS

The net proceeds of the issue of the Notes will be used by the Issuers for general corporate purposes, or as may otherwise be disclosed in the relevant Final Terms.

In particular, if so specified in the relevant Final Terms, the relevant Issuer intends to apply the net proceeds from an offer of Notes specifically for Green Projects as set out in Balder's Green Financing Framework. Such Notes may also be referred to as **Green Bonds**.

Green Projects have been (or will be, as the case may be) selected by Balder from time to time in accordance with the categorisation of eligibility for Green Bonds set out in the Green Financing Framework which sets out the added environmental criteria required for such issuances (the **Green Terms**). The criteria for qualification as a Green Project under the Green Financing Framework may change from time to time.

The Green Financing Framework is aligned with the Green Bond Principles published in 2021⁵ by the International Capital Markets Association. Recognising that the Green Bond market and best practices are still evolving, Balder will follow market developments and, when deemed necessary, make appropriate updates to the Green Financing Framework. Balder has established a committee (the **Green Bond Committee**) consisting of the CFO and the Head of Sustainability which will oversee and update the Green Financing Framework when such market developments require. All proceeds from Green Bonds issued under the Green Financing Framework will be invested in compliance with Balder's list of eligible assets and projects as noted in the Green Terms, namely, in relation to green buildings. If an asset or project financed by a Green Bond no longer qualifies as eligible during the life of the bond, the asset or project will be replaced by other assets or projects that meet the definitions set out in the Green Financing Framework. Balder has a process in place to ensure that green assets and projects are continuously added to Balder's list of eligible assets and projects and the Green Bond Committee will be responsible for the evaluation and selection of such assets or projects.

Balder has obtained a second party opinion from Cicero Shades of Green to confirm the Green Financing Framework's alignment with the ICMA Green Bond Principles 2021. Cicero Shades of Green has awarded the Green Financing Framework with a medium green shading. The Second Party Opinion and the Green Financing Framework are, and any updates to the Green Financing Framework will be, available for viewing on Balder's website at <https://en.balder.se/investor-relations/green-financing>.

Balder provides transparency on the impact related to investments made with proceeds from its Green Bond issuances by means of an impact report (the **Impact Report**). The Impact Report, which will include details of allocation as well as impact, will be published annually and be generally available on Balder's website at <https://en.balder.se/investor-relations/green-financing> so long as Balder has Green Bonds outstanding.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by Balder) which may be made available in connection with the issue of any Notes and in particular with any Green Projects to fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by Balder or any other person to buy, sell or hold any such Notes. Any such opinion or certification is only current as at the date that opinion or certification was initially issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in such Notes. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. See further information under the risk factor above headed, "*Risk Factors - In respect of any Notes issued as Green Bonds, there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor*", "*Risk Factors – No assurance of suitability or reliability of any Second Party Opinion or any other opinion or*

DESCRIPTION OF FASTIGHETS AB BALDER

General

Fastighets AB Balder (publ) (the **Issuer** or the **Company**) is a public limited company incorporated under the Swedish Companies Act of the Kingdom of Sweden (**Sweden**) and registered in Sweden with registration number 556525-6905. The commercial portfolio is mainly concentrated in Sweden's largest cities in the central business district areas and comprises 104 office properties, 141 retail properties, 167 industrial/logistics properties and 80 other properties, including approximately 50 hotel properties.

Apart from Balder's direct real estate holdings, it also has minority holdings in several property management companies (the **Real Estate Companies**) and certain investment assets, including 44 per cent. of the listed niche bank Collector AB (publ) (**Collector**, and together with the other investment assets and the Real Estate Companies, the **Associated Companies**). The Associated Companies are not consolidated in Balder's annual financial statements, as Balder's holding in each of these companies is 50 per cent. or less. The Real Estate Companies together own 591 properties and Balder's ownership stake equates to a lettable area of 1,305,717 sq.m. and an estimated fair value of SEK 55.8 billion as at 31 December 2022. Balder has its head office in Gothenburg, Sweden and has several regional offices in Sweden, Finland and Copenhagen. This decentralised geographic presence enables it to develop relationships with many of its customers.

Group Structure

The legal structure of the Group is typical of property companies. Most properties are owned by special purpose vehicle (**SPV**) companies, which are in turn owned by the Issuer.

The chart below shows the simplified legal structure for the Issuer and its directly owned subsidiaries.

History of Balder

2005-2008

Balder was first established and listed on Nasdaq Stockholm in 2005. During this period, the organisation established itself in Gothenburg, Stockholm and Malmö. Balder's focus was to develop a presence in growth regions in Sweden where there was a long-term demand for commercial properties. By the end of 2008, Balder owned 122 properties with a fair value of SEK 7.1 billion.

2009

Balder acquired Din Bostad Sverige AB (**Din Bostad**), a listed residential company. The acquisition of Din Bostad transformed Balder from being solely a commercial property company to having an equal split in its portfolio between residential and commercial properties. By the end of 2009, Balder owned 419 properties with a fair value of SEK 12.7 billion.

2010-2012

Balder made its first acquisition in Denmark in 2010 and also invested in wind power turbines. Balder decided to exit the industrial property market and as a result, sold all of its warehouse properties. By the end of 2012, Balder owned 432 properties with a fair value of SEK 22.3 billion.

2013-2015

During 2013 and 2014, Balder continued to expand its property portfolio in Denmark and Sweden. By the end of 2015, Balder owned 1,177 properties with a fair value of SEK 68.5 billion in Denmark and Sweden. In 2015 Balder also acquired 53.3 per cent. of SATO, which at the time owned over 24,000 apartments in Finland.

2016

In 2016, Balder acquired its first property in Norway. In 2016, Balder also acquired a portfolio of properties for SEK 4.2 billion, the main tenant of which remains Hedin Bil (a Swedish automobile company). As of 31 December 2019, the average length of the leases contained in this portfolio was approximately nine years. Balder completed a directed issue of ordinary shares of SEK 1.7 billion to part-finance the deal. See 'Share Structure and Shareholders' below.

2017

During the first quarter of 2017, Balder obtained a credit rating of 'BBB' from S&P and issued its first bonds in the European capital markets with a total principal amount of EUR 1 billion. During that year Balder issued a further EUR 850 million of bonds in the European capital markets. During 2017, Balder also acquired four hotels in Copenhagen as well as one hotel in Helsinki.

2018

During the second quarter of 2018, Balder signed a loan agreement for EUR 100 million with the European Investment Bank (**EIB**) for the development of two residential projects in Copenhagen which meet the "Nearly Zero-Energy Building" standard of the European Union. During 2018, Balder acquired a German property portfolio consisting of seven hotel properties, for EUR 57.5 million. The properties have a lettable area of just over 40,000 sq. m. and approximately 850 hotel rooms. Balder has signed a 20-year lease for all properties with Ligula Hospitality Group, which is already a tenant of Balder in a number of its hotels.

2019

Balder's very first acquisition in London was completed at the beginning of the year, and was followed by another acquisition later in the year. This was in line with Balder's strategy and the trend to diversify the property portfolio. During the year Balder continued to acquire centrally located properties, including a number of objects and building rights in Gothenburg, one hotel property in Helsinki and a number of properties in Stockholm were also acquired.

2020

In November 2020, a directed share issue of 6,500,000 Series B shares was carried out, which provided Balder with approximately SEK 2,945 million before issue costs. In December 2020, Balder and Serneke Group entered into a structural transaction whereby Balder acquired 50 per cent. of the shares in Karlatornet AB, became a shareholder in Serneke Group and agreed on the acquisition of almost 1,400 rental apartments and just over 12,000 sq.m. of commercial premises. During the year, 50 per cent. of the share capital in Norwegian company Anthon B Nilsen Eiendom AS and 18 per cent. of the share capital in the Norwegian listed real estate company Entra ASA were also acquired.

2021

In May Balder announced that it had made an agreement to buy the Norwegian property company Asset Buyout Partners (ABP). The acquisition, which was completed in July, presents a great opportunity to expand the Group's presence in Norway, with properties and locations well positioned for current and future industries. During the year Balder also increased its holding in the Norwegian listed real estate company, Entra ASA, and Balder's share in Entra ASA amounted to 36.6 per cent. at year end.

2022

BUSINESS MODEL AND STRATEGY

Balder's business strategy is to acquire, develop and manage commercial properties in capital cities, as well as residential properties in metropolitan areas and in places that are growing and developing positively. Over the past few years, the Company has achieved diversification of its portfolio to countries including Denmark, Finland, Norway, Germany, United Kingdom and Sweden. The Company has been focussed on concentrating its residential portfolio in large cities in these countries, namely Stockholm, Copenhagen, Helsinki and Gothenburg. The focus on commercial properties, meanwhile, has been in Stockholm and Gothenburg, where there is a stronger demand for office space.

Balder's aim is to create value for its owners, employees and the communities in which it operates. Balder attempts to accomplish this by:

- establishing swift decision-making procedures;
- implementing cost-efficient management solutions;
- working actively to acquire properties and land with development potential and creating growth by investing, developing, streamlining and rationalising its business; and
- meeting tenants' needs.

Balder's operations are focused on long-term growth, positive cash flows and increasing profit from its property management activities.

Financial Goals

Balder's financial goals are to achieve:

- (a) a stable and consistent return on equity;
- (b) an equity-to-assets ratio of not less than 40 per cent.;
- (c) a net debt/total assets ratio of not higher than 50 per cent.;
- (d) an interest coverage ratio of not less than 2.0; and

Dividend Policy

Balder prioritises growth, capital structure and liquidity in its business, and accordingly, the dividend for shareholders is either set at a nominal level or not declared at all in order for funds to be retained within the Company. The Company has not declared a dividend to ordinary shareholders since 2008 and all profits have been re-invested in the business.

Management Structure

Balder currently has several administrative offices, which are divided into seven regions. In each region, all aspects of property management are handled in-house by Balder's personnel, who are responsible for letting and operations as well as the environment and maintenance. This facilitates fast decision-making procedures, close proximity to the customer and in-depth local knowledge, which assists the Company in fostering long-term relationships with its customers. Balder offers a wide range of commercial premises and residential housing in a number of locations for rent at varying rates. Property development is undertaken in consultation with customers based on their requirements.

Customer Relationships

Balder continuously looks to improve the Group's service and product offering. The Customer Relations department, which manages relationships with customers, is central in achieving this and is responsible for a number of initiatives, including conducting surveys to measure individual customers' experiences against a customer satisfaction index.

Having satisfied customers is one of Balder's most important goals, and there is a major focus on this work in the organisation. The objective is that commercial customers shall develop in Balder's properties and that their various needs in terms of the size of premises and geographical location shall be met over time. For residential customers, the objective is that they shall be happy in both their homes and in their residential area, and will live in Balder's properties for a long time. Every other year a CSI (**Customer Satisfaction Index**) survey is conducted, the results of which form the basis of future activities and prioritisations. CSI surveys are also conducted among new occupants in completed projects. In addition to this, Balder has continuous dialogues with customers, for example in the form of regular meetings with tenants.

Project Development

As a large, long-term property owner, Balder develops both small projects involving individual properties as well as larger areas and city districts. Within the framework of property development there is both the new production of homes and premises and a large number of projects involving the renovation of existing properties. For Balder, it is important to control the whole value chain from land acquisition to the long-term management of completed projects. Development takes place in the form of long-term work in close collaboration with municipal authorities and other stakeholders. The development process extends over different phases and often takes several years. The company has built up a significant portfolio of building rights for the production of not only rental and tenant-owner's apartments, but also commercial properties. In many areas, new homes are being built where Balder already owns properties, contributing to a densification of areas and an increased mix of housing, thus contributing towards sustainable and responsible urban development. In 2022, Balder completed about 2,000 homes and at year-end approximately 4,800 homes were under construction in Sweden, Denmark and Finland as well as a total of approximately 72,000 sq.m. of commercial properties.

Sustainability at Balder

As a long-term property owner, Balder aims to be economically, socially and environmentally responsible, basing its operations on stable cash flows and satisfied customers and employees. In order to achieve this, high demands are imposed internally, but also on Balder's external partners.

During investments in existing or new properties, resource efficiency and social factors are considered, in order to contribute to the development of city districts and areas. Through continually streamlining and improving working methods, negative environmental impacts can be minimised, for example through reduced energy and water use or lower quantities of waste.

In addition, Balder aims to run its operations ethically. Balder tries to ensure this through its internal steering documents such as its Code of Conduct, as well as other policies and protocols. For example, as a property company, processes for letting, recruitment and the choice of suppliers are particularly important. Policies and procedures are intended to guide and ensure respectful and professional relations, while minimising risks such as discrimination and corruption.

Sustainable development goals

Balder has signed the Global Compact, the UN's international principles for companies in the area of human rights, labour, the environment and anticorruption. The principles are based on the UN's Universal Declaration of Human Rights, the ILO's Declaration on Fundamental Principles and Rights at Work, the Rio Declaration and the UN's Convention Against Corruption.

Balder also strives to contribute to achieving the UN's Sustainable Development Goals and has selected six of the 17 goals that are considered most relevant to the Company's business activities and where Balder has the greatest opportunity to have an influence.

Sustainability framework

Balder's framework for sustainability comprises five general elements that bring together the Company's material topics in respect of social, environmental and economic sustainability. The elements – Properties, Areas, Partnerships, Co-workers and Finances – are briefly described below:

Properties

Balder's largest environmental impact takes place through the properties' energy consumption. This is the top priority from an environmental perspective, and Balder is working continuously to reduce energy consumption in its properties. All electricity purchased for the properties in Sweden is green electricity from renewable sources. Balder also owns wind farms, producing approximately 22,000 MWh yearly.

Other measures implemented to reduce consumption include window replacements, supplementary insulation of façades, adjustment or replacement of ventilation units and the replacement of light fittings. Balder has also made good progress in the installation and use of smart technical control systems that improve both comfort and energy consumption.

Balder has environmental certificates for some of its buildings, including Miljöbyggnad, BREEAM, LEED and DGNB, and several buildings are constructed according to Nearly zero-energy building (NZEB) standard. The goal is for all new constructions to meet the requirements of Miljöbyggnad Silver or equivalent certification.

Areas

For Balder, it is important to contribute to developing entire areas and city districts where it owns properties, and in doing so to create security and well-being among tenants. In order to increase security in the areas where it is present, Balder is involved in a number of different projects, often together with local actors such as municipal authorities, schools, the police, local associations and the local business community. The purpose is to work actively with integration, security and well-being in the city districts and areas where Balder owns properties.

Examples include various kinds of projects with security patrols, neighbourhood partnerships and security staff, as well as activities of a more social nature such as communal barbecue evenings and cultivation projects. Every year Balder also hires a large number of young people as summer workers in the Company's areas.

Partnerships

Social engagement is a natural element of Balder's work and a way of contributing to sustainable development. To succeed with this, it requires a high level of engagement among employees, but also that the Company collaborates with municipal authorities and other actors. Balder also collaborates with different actors in order to increase employment by offering work placements and mentoring. These initiatives are often linked to specific areas, to support young adults who find themselves outside the labour market.

Co-workers

Balder's employees contribute to continuously developing the Company. A precondition for this being possible is good working conditions that promote diversity, innovation and collaboration, while at the same time supporting the Company's values.

Balder must be an attractive employer, which demands that the Company has an ability to recruit and retain co-workers with the right competence. It is also crucial that these co-workers are happy and feel a sense of engagement with Balder and feel that they have an opportunity to develop within the Company. Balder works continuously to create the conditions to make this possible.

Finances

Balder aims to generate a good profit from property management through a high level of activity and efficient management. Having customers who are happy and stay in Balder's properties is crucial for long-term financial sustainability.

Balder secures financing that is sustainable in the long term through a diversified financing structure. Thanks to a strong cash flow, Balder has the opportunity for flexibility, for example in terms of choice of letting form and when construction starts. Good financing is founded on a stable income statement and a stable balance sheet. Balder also has a goal that net debt to total assets shall not exceed 50 per cent. over time.

Strategy for Residential Properties

In view of a shrinking transaction market for residential properties and lower yields, Balder has continued to pursue its strategy of development of existing properties and increased construction of new apartments in the longer term. Balder's goal is to create new property developments with higher values and better yields than the existing transaction market can offer in the residential segment.

In Gothenburg and Stockholm, among other cities in Sweden, work on new zoning plans is ongoing, and this will likely result in a broader supply of apartments. Traditional apartment blocks will be mixed with other forms of housing, such as smaller terraced houses and tenant-owned apartments. This will mean a more efficient use of existing land and that these areas become more attractive from a residential perspective.

Divestments

While Balder has increased its holdings of residential properties through construction, a number of properties are divested every year. Divestments are usually focused on cities where Balder does not have any local management, or where the property portfolio is too small to enable efficient management.

Lease Structure

Balder's property portfolio has a diversified structure, with a total of approximately 68,000 contracts that are balanced between commercial and residential tenants, as well as having a geographical spread. In order to offset the risk of reduced rental income and a weak occupancy rate, Balder strives for long-term relationships with its existing tenants.

Balder's ten largest individual leases represent 3.5 per cent. of its total rental income and the average lease term amounts to 10.1 years. The average lease term for the entire commercial portfolio is 6.2 years.

The spread of Balder's leases as at 31 December 2022 is shown in the table below. Leases terminated as at 31 December 2022 (or where termination will or is expected to take place) are recognised as leases maturing within one year.

Corporate Governance

Corporate governance in Swedish listed companies is governed by a combination of written rules and practice, by which the owners directly and indirectly control the Company. The rules and regulations have been developed through legislation, recommendations, the Code and through self-regulation.

The Code is based on the principle of "comply or explain", which means that all rules do not always have to be complied with if there is a reason for not complying, and it is explained. Some of the Code's principles exist to create a good basis for exercising an active and responsible ownership role and to create a well-adjusted

balance of power between owners, the Board and the executive management, which Balder views as a natural part of the principles for its operations. The Code also means that certain information should be made available on Balder's website.

The Code is administered by the Swedish Corporate Governance Board and is available on www.bolagsstyrning.se, where the Swedish model for corporate governance is also described. Balder applies the Code, which is intended to serve as part of the self-regulation within the Swedish business community. In the view of the Board, there are no deviations to report or explain.

TAXATION

The tax laws of the investor's state and of the Issuers' state of incorporation might have an impact on the income received from the securities. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries.

The following is a general description of certain tax considerations relating to the Notes in certain countries. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in those countries or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

Swedish Taxation

The following summary outlines certain Swedish tax consequences of the acquisition, ownership and disposal of Notes. The summary is based on the laws of Sweden as in effect as of the date of this Base Prospectus and is intended to provide general information only. The summary is not exhaustive and does thus not address all potential aspects of Swedish taxation that may be relevant for a potential investor in the Notes and is neither intended to be nor should be construed as legal or tax advice. In particular, the summary does not address the rules regarding reporting obligations for, among others, payers of interest. Specific tax consequences may be applicable to certain categories of corporations, e.g. investment companies and life insurance companies, not described below. In addition, the summary does not address Notes that are held on an "investment savings account" (investeringssparkonto) or through a "capital insurance" (kapitalförsäkring). Investors should consult their professional tax advisers regarding the Swedish and foreign tax consequences (including the applicability and effect of double taxation treaties) of acquiring, owning and disposing of Notes in their particular circumstances.

Non-resident holders of Notes

As used herein, a non-resident holder means a holder of Notes who is (a) an individual who is not a resident of Sweden for tax purposes and who has no and has not had any connection to Sweden other than his/her investment in the Notes, or (b) an entity not organised under the laws of Sweden and which does not carry out any business activities from a permanent establishment in Sweden.

Payments of any principal amount under a Note or any amount that is considered to be interest for Swedish tax purposes to a non-resident holder of any Notes should not be subject to Swedish income tax provided that such holder does not carry out business activities from a permanent establishment in Sweden to which the Notes are attributable. Under Swedish tax law, no withholding tax is imposed on payments of principal amounts under Notes or interest to a non-resident holder of Notes.

Notwithstanding the above, a private individual may be liable to pay taxes in Sweden on a limited basis even if he/she is not resident in Sweden, providing that he/she has been resident in Sweden or has lived permanently in Sweden at any time during the calendar year of, or the ten calendar years preceding, a disposal or redemption of certain financial instruments, depending on the classification of the particular financial instrument for Swedish income tax purposes. This liability may, however, be limited by tax treaties between Sweden and other countries.

Resident holders of Notes

As used herein, a resident holder means a holder of Notes who is (a) an individual who is a resident in Sweden for tax purposes and thereby liable to pay taxes on an unlimited basis, ie on all income regardless of source, or (b) an entity organized under the laws of Sweden.

Generally, all capital income (eg amounts that are considered to be interest for Swedish tax purposes and capital gains on Notes) obtained by individuals (and estates by of deceased individuals) resident in Sweden for tax purposes will be taxable at a rate of 30 per cent.

Limited liability companies and other legal entities (except partnerships and estates of deceased persons) are normally taxed on all income (including income from the disposal of the Notes) as income from business operations at a flat rate of 20.6 per cent.

Swedish tax law does not impose withholding tax on payments of principal amounts under Notes or interest. However, if amounts that are considered to be interest for Swedish tax purposes are paid to an individual (or an estate of a deceased person) that is a resident holder of Notes, Swedish preliminary tax (*preliminärskatt*) is normally withheld on such payments at a rate of 30 per cent.

Finnish taxation

The following summary is based on the tax laws of Finland as in effect on the date of this Base Prospectus, and is subject to changes in Finnish law, including changes that could have a retroactive effect. The following summary does not purport to be a comprehensive description of all Finnish tax law considerations that could be relevant for holders of the Notes and does not take into account or discuss the tax laws of any country other than Finland. This summary addresses neither Finnish gift nor inheritance tax consequences. Prospective investors are advised to consult their own professional tax advisors as to the tax consequences relating to investments in the Notes.

Withholding Tax

All payments made by Fastighets AB Balder under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied withheld or assessed by Finland.

All payments made by Balder Finland Oyj under the Notes to other than Finnish resident individuals may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied withheld or assessed by Finland.

Finnish Resident Individuals

If the recipient of interest paid on the Notes is a resident individual or an undistributed estate of a deceased Finnish resident, such interest is subject to advance withholding tax in accordance with the Finnish Withholding Tax Act (20.12.1996/1118, as amended) and final taxation as capital income in accordance with the Finnish Income Tax Act (30.12.1992/1535, as amended) (the Finnish Income Tax Act). The current withholding tax rate is 30 per cent. The advance tax withheld by the company is credited against the final tax payable by the recipient of interest paid on the Notes. The final capital income tax rate is 30 per cent (34 per cent of the capital income exceeding EUR 30,000).

A tax at source, in accordance with the Finnish Act on Tax at Source of Interest Income (1341/1990, as amended), has to be withheld from the interest paid to a resident individual or an undistributed estate of deceased Finnish resident, unless otherwise indicated below. The tax at source is currently 30 per cent of the amount of interest paid. The Finnish Act on Tax at Source of Interest Income is not applicable, inter alia, if a prospectus does not have to be prepared with respect to the Notes due to (i) the Notes being provided to qualified investors only, (ii) the offer being addressed in each country belonging to the EEA to a maximum

number of under 150 investors who are not qualified investors, or (iii) the Notes not being offered for a consideration of less than EUR 100,000 per investor and for each separate offer or in denomination of less than EUR 100,000 per unit.

If the Notes are disposed of during the loan period, any capital gain received is taxed as capital income at a flat rate of 30 per cent (34 per cent of the capital income exceeding EUR 30,000). Capital losses are deductible from all capital income. If the losses cannot be deducted from capital gains and/or other capital income incurred during the loss year, the undeducted portion would be used as the basis for confirming the capital losses for that tax year, and those confirmed losses would be deductible from capital gains and other capital income for the next five years.

Eventual interests, capital gains or losses shall be reported in the annual tax return.

Finnish Resident Corporations

If the recipient of interest paid on the Notes is a corporation residing in Finland as further defined in the Finnish Income Tax Act, such interest is not subject to any preliminary withholding. The interest is subject to final taxation of the recipient in accordance with the Finnish Business Income Tax Act (24.6.1968/360, as amended). The current rate of corporate income tax is 20 per cent.

Capital gains are currently taxed at a flat rate of 20 per cent. Generally, a capital loss is deductible from the resident corporations' income arising in the same year and during the following ten fiscal years.

Eventual interests, capital gains or losses shall be reported in the annual tax return.

Non-Residents

Non-residents are not subject to taxation in Finland under the Notes.

The interest paid to an individual or a corporation not residing in Finland may be subject to tax regulations in their state of residence.

Transfer Tax

Generally, the transfer tax amounting 1.6 per cent is payable on transfers or sales of the securities. However, the Notes are not classified as securities within the meaning of the Finnish Transfer Tax Act (29.11.1996/931, as amended) and, thus, transfer tax is not payable, provided that the yield of the Note is not determined by the profit of the Issuer or by the amount of dividend or otherwise entitles to the share of annual profit or surplus of the Issuer.

No transfer tax is payable in Finland on transfers or sales of the securities admitted to trading on the regulated market or other multi-lateral trading facility.

The proposed financial transactions tax (FTT)

On 14 February 2013, the European Commission published a proposal (the **Commission's proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (each other than Estonia, a **participating Member State**). However, Estonia has ceased to participate.

The Commission's proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's proposal, FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" (as defined in FATCA) may be required to withhold on certain payments it makes ("foreign passthru payments") to persons that fail to meet certain certification, reporting, or related requirements. The Issuers may be a foreign financial institution for these purposes. A number of jurisdictions including the Kingdom of Sweden have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining "foreign passthru payment" are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are published generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of substitution of the relevant Issuer). However, if additional notes (as described under "Terms and Conditions of the Notes – Further Issues") that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by each of the Issuers to any one or more of the Dealers. The arrangements under which Notes may from time to time be agreed to be sold by the relevant Issuer to, and subscribed by, Dealers are set out in an amended and restated dealer agreement dated 30 June 2022 (the **Dealer Agreement**) and made between the Issuers, the Guarantor and the Dealers. If in the case of any Tranche of Notes the method of distribution is an agreement between the relevant Issuer, the Guarantor (if applicable) and a single Dealer for that Tranche to be issued by the relevant Issuer and subscribed by that Dealer, the method of distribution will be described in the relevant Final Terms as "Non-syndicated" and the name of that Dealer and any other interest of that Dealer which is material to the issue of that Tranche beyond the fact of the appointment of that Dealer will be set out in the relevant Final Terms (or Drawdown Prospectus, as the case may be). If in the case of any Tranche of Notes the method of distribution is an agreement between the relevant Issuer, the Guarantor (if applicable) and more than one Dealer for that Tranche to be issued by the relevant Issuer and subscribed by those Dealers, the method of distribution will be described in the relevant Final Terms as "Syndicated", the obligations of those Dealers to subscribe the relevant Notes will be joint and several and the names of those Dealers and any other interests of any of those Dealers which is material to the issue of that Tranche beyond the fact of the appointment of those Dealers (including whether any of those Dealers has also been appointed to act as Stabilisation Manager in relation to that Tranche) will be set out in the relevant Final Terms (or Drawdown Prospectus, as the case may be).

Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be subscribed by the Dealer(s) and the commissions or other agreed deductibles (if any) payable or allowable by the relevant Issuer in respect of such subscription. The Dealer Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

The relevant Dealers will be entitled in certain circumstances to be released and discharged from their obligations in respect of a proposed issue of Notes under or pursuant to the Dealer Agreement prior to the closing of the issue of such Notes, including in the event that certain conditions precedent are not delivered or do not meet their satisfaction on or before the issue date of such Notes. In this situation, the issuance of such Notes may not be completed and investors will have no rights against the relevant Issuer, the Guarantor (if applicable) or the relevant Dealers in respect of any expense incurred or loss suffered in these circumstances.

United States of America

The Notes and the Guarantee have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

The Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver Notes, (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche within the United States or to, or for the account or benefit of, U.S. persons, and such Dealer will have sent to each dealer to which it sells Notes during the distribution compliance period relating thereto a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.
